RIFLE CLEANING KIT SAFETY INSTRUCTIONS

Introduction

Thank you for purchasing the RIFLE CLEANING KIT WITH ALUMINUM CLEANING ROD by OUTERS. This product is designed to help you maintain your rifle safely and effectively. Please read this safety instruction guide carefully to ensure safe use and compliance with EU General Product Safety Regulations (GPSR).

General Safety Guidelines

- Always read the instructions before using the cleaning kit.
- Store the cleaning kit out of reach of children and pets.
- Use the cleaning kit only for its intended purpose.
- Ensure proper ventilation when using cleaning solvents and gun oils.
- Follow local regulations regarding the disposal of cleaning materials and solvents.
- Regularly check for product recalls or safety alerts related to this product.

Specific Safety Precautions for Use

- **Hazard Identification:**

- The cleaning solvents and gun oils may be harmful if ingested or if they come into contact with skin.
- The cleaning rod may cause injury if used improperly or if it is handled carelessly.

- **Instructions for Avoiding Hazards:**

- Always wear gloves and safety glasses when using cleaning solvents and gun oils.
- Avoid inhaling fumes from solvents; use in a wellventilated area.
- Do not use the cleaning rod to clean anything other than firearms.
- Ensure the firearm is unloaded before cleaning.
- Keep the cleaning kit away from heat sources and open flames.

- **AgeSpecific Warnings:**

- This product is not intended for use by children. Adult supervision is required if minors are present.

Instructions for Installation and Usage

1. Preparation:

- Ensure your rifle is unloaded and pointed in a safe direction.
- Gather all components of the cleaning kit: cleaning rod, bore brush, jag, patch loop, patches, nitro solvent, and gun oil.

2. Cleaning Process:

- Attach the appropriate bore brush to the cleaning rod.
- Apply a small amount of nitro solvent to the brush.
- Insert the brush into the rifle's barrel and scrub gently.
- Remove the brush and attach the spearpointed jag.
- Use the slotted patch loop to attach a cleaning patch.
- Apply gun oil to the patch and run it through the barrel to lubricate.
- Dispose of used patches and any excess solvent or oil according to local regulations.

3. PostCleaning:

- Ensure the rifle is free of cleaning materials before reassembling.
- Store all components of the cleaning kit safely after use.

Disposal Instructions

- Dispose of used cleaning patches and any leftover solvents or oils in accordance with local hazardous waste regulations.
- Do not pour solvents or oils down the drain or dispose of them in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the safety and usage of the RIFLE CLEANING KIT, please consult the manufacturer's contact point or your local regulatory authority for assistance.

Thank you for choosing the RIFLE CLEANING KIT WITH ALUMINUM CLEANING ROD. Your safety is our priority.
