SHOTGUN CLEANING KIT WITH ALUMINUM CLEANING ROD SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the Outers Shotgun Cleaning Kit with Aluminum Cleaning Rod. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this document carefully before use.

General Safety Guidelines

- Ensure that the cleaning kit is used only for its intended purpose, which is to clean shotguns.
- Keep the cleaning kit out of reach of children and vulnerable individuals.
- Inspect all components of the cleaning kit before use to ensure they are in good condition.
- Store the cleaning kit in a cool, dry place away from direct sunlight and heat sources.
- Follow all manufacturer instructions and safety warnings included with the cleaning kit.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as gloves and safety goggles, when using cleaning solvents and oils.
- Avoid contact with skin and eyes when handling nitro solvent and gun oil. In case of contact, rinse thoroughly with water and seek medical attention if irritation persists.
- Ensure proper ventilation when using cleaning solvents to avoid inhalation of fumes.
- Do not use the cleaning kit on firearms that are loaded or have ammunition present. Ensure that the firearm is completely unloaded before cleaning.
- Dispose of used patches and cleaning materials in accordance with local regulations to avoid environmental hazards.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the shotgun is unloaded and pointed in a safe direction.
- Gather all components of the cleaning kit.

2. Assembly:

- Attach the lightweight cleaning rod to the appropriate bore brush by inserting it into the end of the rod until it clicks into place.
- If needed, use the rod adaptor to connect different components.

3. Cleaning the Bore:

- Apply a small amount of nitro solvent to the phosphor bronze bore brush.
- Insert the brush into the barrel and move it back and forth to loosen fouling.
- Remove the brush and clean the barrel with a slotted patch loop and absorbent patches until they come out clean.

4. Lubrication:

- After cleaning, apply a few drops of gun oil to the cleaning rod or a patch and run it through the barrel to provide lubrication and protection against corrosion.

5. **Final Steps:**

- Inspect the shotgun to ensure it is clean and properly lubricated before storing or using it again.
- Store the cleaning kit and all cleaning materials safely after use.

Disposal Instructions

- Dispose of all used cleaning patches and materials in accordance with local waste disposal regulations.
- Empty containers of nitro solvent and gun oil should be disposed of as hazardous waste. Check local guidelines for proper disposal methods.

Contact Information for Further Support

For any questions or safety inquiries regarding this product, please refer to the manufacturer's contact information provided on the packaging or product insert.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective cleaning experience with your Outers Shotgun Cleaning Kit.
