# Universal Cleaning Kit Safety Instructions

## Introduction

Thank you for purchasing the Universal Cleaning Kit with Aluminum Cleaning Rod by Outers. This guide provides important safety instructions and guidelines to ensure the safe use of this product. Please read this manual carefully before using the cleaning kit.

## General Safety Guidelines

- Always use the cleaning kit as intended and follow all instructions provided.
- Keep the cleaning kit out of reach of children and vulnerable individuals.
- Inspect all components of the cleaning kit for damage before use. Do not use damaged items.
- Avoid using the cleaning kit in wet or humid environments to prevent rust and corrosion.
- Store the kit in a cool, dry place away from direct sunlight and heat sources.
- Dispose of any used cleaning materials, such as patches and brushes, responsibly and according to local regulations.

## Specific Safety Precautions for Use

- When using cleaning solvents, ensure proper ventilation to avoid inhalation of fumes.
- Wear appropriate protective gear, such as gloves and safety goggles, when handling solvents and cleaning agents.
- Keep cleaning solvents away from open flames and heat sources, as they are flammable.
- Do not ingest any cleaning products or solvents. If ingested, seek medical attention immediately.
- Avoid direct contact with skin and eyes when using cleaning solutions. In case of contact, rinse thoroughly with water and seek medical attention if irritation persists.
- Ensure that the cleaning rod is securely attached to the cleaning patch or brush before use to avoid injury.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary components from the cleaning kit, including the cleaning rod, brushes, patches, and solvents.
- Ensure you have a wellventilated area to work in.

### 2. Using the Cleaning Rod:

- Select the appropriate slotted patch loop or jag for your caliber.
- Attach the selected loop or jag to the cleaning rod by screwing it securely into place.
- Take a cleaning patch, moisten it with the appropriate solvent, and insert it into the slotted loop or jag.
- Insert the cleaning rod into the barrel of the firearm, ensuring it is pushed through completely.

### 3. Cleaning the Firearm:

- Use a backandforth motion to work the cleaning patch through the barrel.
- Repeat the process with dry patches until they come out clean.
- For a thorough clean, follow up with a brush to remove any stubborn residue.

### 4. Final Steps:

- Once cleaning is complete, apply a light coat of gun oil to protect the firearm from moisture and corrosion.
- Clean the cleaning rod and brushes after each use to maintain their effectiveness.

## **Disposal Instructions**

- Dispose of used cleaning patches, brushes, and any other waste materials in accordance with local regulations for hazardous waste.
- Do not dispose of solvents or cleaning agents in regular household waste. Follow local guidelines for proper disposal.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding this product, please contact the manufacturer or your local distributor. Ensure you have the product details ready for reference.

Thank you for taking the time to read these safety instructions. Enjoy using your Universal Cleaning Kit responsibly and safely!
