

# MARK 7 MIRROR ASSEMBLY - MARK 7 RELOADING MARK 7 MIRROR ASSEMBLY

[Reloading](#) > [Reloading Presses](#) > [Reloading Press Accessories](#)

Comes complete with an 11" Articulating arm. The locking control knobs release or increase tension allowing one to find the desired position. This articulating aluminum arm simplifies the mounting and placement of the 1/8" 6"x6" Acrylic mirror. The Articulating arm attaches to a galvanized clamp that has a 7/8" jaw opening. This assembly requires no drilling and is the perfect solution to monitor the amount of Brass and Bullets in the collators. Color is red and black.

# MARK 7 Mirror Assembly Safety Instructions

## Introduction

Thank you for choosing the MARK 7 Mirror Assembly. This product is designed to enhance your reloading experience by providing a clear view of the brass and bullets in your collators. To ensure your safety and the proper use of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in the product manual.
- Always inspect the product before use to ensure it is in good condition and free from damage.
- Keep the product out of reach of children and vulnerable individuals.
- Do not modify the product in any way, as this may compromise its safety and functionality.
- Report any unsafe conditions or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Use the articulating arm carefully to avoid pinching or trapping fingers during adjustments.
- Ensure that the locking control knobs are securely fastened before use to prevent accidental movement.
- Do not exceed the weight limit of the assembly as specified by the manufacturer.
- Avoid using the mirror assembly in wet or damp conditions to prevent slips and falls.
- Always position the mirror and arm in a way that does not obstruct your view or the operation of other equipment.

## Instructions for Installation and Usage

### 1. Installation

- Choose a stable surface for mounting the mirror assembly.
- Attach the galvanized clamp to the desired location, ensuring it is securely fastened.
- Adjust the clamp's jaw opening to fit the surface and tighten it firmly.
- Attach the articulating arm to the clamp and ensure it is locked in place.
- Position the acrylic mirror on the end of the arm and adjust as needed.

### 2. Usage

- Use the locking control knobs to adjust the tension and position of the arm and mirror.
- Make sure the mirror is clean and free from obstructions for optimal visibility.
- Regularly check the assembly for any signs of wear or damage and replace parts as necessary.

## Disposal Instructions

- Dispose of the mirror assembly in accordance with local regulations.
- Recycle materials where possible, especially the aluminum arm and acrylic mirror.
- Do not dispose of the product in household waste if it can be recycled.

## Contact Information for Further Support

For any inquiries regarding safety or product information, please refer to the manufacturer's contact details provided with your product.

By following these guidelines, you can ensure a safe and effective experience with your MARK 7 Mirror Assembly. Thank you for your attention to safety.
