ULTIMATE RIFLE DIE PACK MARK 7 RELOADING SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the ULTIMATE RIFLE DIE PACK MARK 7 RELOADING for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this document carefully before using the die pack.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the die pack and all its components out of reach of children.
- Always wear appropriate safety gear, such as safety glasses and gloves, when handling reloading equipment.
- Be aware of your surroundings and ensure that the work area is clean and free from hazards.
- Regularly inspect the die pack for any signs of wear or damage before use.
- Follow all local regulations and guidelines regarding ammunition reloading.

Specific Safety Precautions for Use

- Read the instruction manual thoroughly before using the die pack.
- Ensure that the die pack is compatible with your reloading press.
- Do not exceed the recommended load limits for the die pack.
- Use only highquality components that are suitable for the 6.5 Creedmoor cartridge.
- Avoid using the die pack if you are under the influence of drugs or alcohol.
- Store the die pack in a dry, cool place when not in use to prevent rust and corrosion.
- Be cautious when handling fired cases, as they may still contain residual pressure.

Instructions for Installation and Usage

1. Setup:

- Place the reloading press on a stable and flat surface.
- Ensure that all necessary tools and components are within reach.

2. Installing the Dies:

- Carefully remove the dies from their packaging.
- Install the sizing die into the press according to the manufacturer's instructions.
- Install the decapping die and the bullet seating die in the same manner.
- Ensure that all dies are securely fastened to prevent movement during use.

3. Reloading Process:

- Begin by resizing the brass cases using the sizing die.
- Use the decapping die to remove spent primers from the cases.
- Expand the case mouth using the carbide expander button included in the rifle set.
- Add the appropriate powder charge according to your reloading recipe.
- Insert the bullet into the case mouth and use the bullet seating die to seat the bullet to the specified depth.
- Apply crimp using the taper crimp die, if necessary.

4. Final Checks:

- Inspect each round for proper seating and crimping.
- Store completed ammunition in a safe and secure manner.

Disposal Instructions

- Dispose of any damaged or unusable components according to local regulations.
- Do not dispose of live ammunition in regular waste.
- Contact local authorities for guidance on the proper disposal of ammunition and reloading components.

Contact Information for Further Support

For any safety inquiries or support, please refer to the manufacturer's contact information provided with the product packaging. Ensure that you have the product details available when reaching out for assistance.

Thank you for prioritizing safety while using the ULTIMATE RIFLE DIE PACK MARK 7 RELOADING. Your adherence to these guidelines will help ensure a safe and enjoyable reloading experience.
