# PACESETTER RIFLE THREEDIE SETS LEE PRECISION 220 SWIFT PACESETTER 3DIE SET Safety Instructions

## Introduction

Thank you for choosing the PACESETTER RIFLE THREEDIE SET by LEE PRECISION. This guide provides important safety information and instructions to ensure the safe and effective use of your reloading equipment. Please read this document carefully before using the product.

## General Safety Guidelines

- Ensure that you are familiar with the safe handling of firearms and ammunition.
- Always work in a wellventilated area to avoid inhalation of dust or fumes.
- Keep the reloading area clean and organized to prevent accidents.
- Store all components, including dies and tools, out of reach of children and unauthorized users.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling materials.
- Be aware of your surroundings and ensure that no one is in close proximity when reloading.
- Regularly inspect your equipment for wear or damage, and replace any faulty components immediately.
- Follow all local laws and regulations regarding the reloading of ammunition.

## Specific Safety Precautions for Use

### • Hazard Identification:

- Improper use of reloading dies can lead to accidents, including misfires or injuries.
- The use of incorrect components or techniques can result in unsafe ammunition.

### • Instructions for Avoiding Hazards:

- Always use the correct die for the cartridge you are reloading (in this case, 220 Swift).
- Do not exceed recommended powder charges as specified in load data.
- Ensure that the reloading press is securely mounted to a stable surface before use.
- Never leave reloading equipment unattended while in use.
- Avoid distractions while reloading to maintain focus on the task.

### • Age Specific Warnings:

- This product is intended for use by individuals who are at least 18 years old.
- Ensure that minors are supervised by a responsible adult when using reloading equipment.

## Instructions for Installation and Usage

### 1. Installation:

- Securely attach the PACESETTER RIFLE THREEDIE SET to a compatible 7/8"14 reloading press.
- Ensure that the Full Length Sizing Die, Bullet Seating Die, and Factory Crimp Die are properly installed according to the manufacturer's instructions.

### 2. Usage:

- Refer to the provided load data for specific instructions on powder charges and bullet types.

- Follow these steps for reloading:
  - Resize the brass cases using the Full Length Sizing Die.
  - Insert the appropriate amount of powder using the Powder Dipper.
  - Seat the bullet using the Bullet Seating Die.
  - Apply a factory crimp using the Factory Crimp Die.
- Always doublecheck the completed rounds for proper assembly before use.

## **Disposal Instructions**

- Dispose of any unused powder, primers, or other materials in accordance with local regulations.
- Do not dispose of ammunition or components in regular household waste.
- Contact local authorities or hazardous waste disposal facilities for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and use of the PACESETTER RIFLE THREEDIE SET, please refer to the manufacturer's website or contact their customer service for assistance.

Please ensure that you keep this safety instruction guide for future reference and share it with anyone else who may use this product. Your safety is our priority.
