PACESETTER RIFLE THREEDIE SETS LEE PRECISION .300 REMINGTON ULTRA MAGNUM PACESETTER 3DIE SET Safety Instruction Guide

Introduction

Thank you for choosing the PACESETTER RIFLE THREEDIE SET from LEE PRECISION. This product is designed for reloading ammunition for the .300 Remington Ultra Magnum cartridge. To ensure safe and effective use of this product, please read and follow the safety guidelines and instructions provided in this manual.

General Safety Guidelines

- Always use the reloading dies according to the manufacturer's instructions.
- Keep the reloading area clean and organized to avoid accidents.
- Wear appropriate safety gear, including safety glasses and hearing protection.
- Ensure that children and pets are kept away from the reloading area.
- Store all reloading components, including this die set, in a secure location.
- Be aware of your surroundings and avoid distractions while reloading.
- Always doublecheck measurements and settings before proceeding with reloading.

Specific Safety Precautions for Use

- Inspect the die set for any damage before use. Do not use if any part is damaged.
- Use only compatible components with the .300 Remington Ultra Magnum cartridge.
- Ensure that the reloading press is securely mounted and stable before use.
- Do not exceed recommended powder charges as indicated in the load data.
- Handle all ammunition and components as if they are live and potentially dangerous.
- If you experience any malfunctions or unusual behavior while reloading, stop immediately and inspect your setup.

Instructions for Installation and Usage

1. Setup the Reloading Press

- Ensure the reloading press is mounted securely to a stable work surface.
- Verify that the press is clean and free from debris.

2. Install the Dies

- Start with the Full Length Sizing Die:
 - Screw the die into the press until it is snug.
 - Adjust the die according to the manufacturer's instructions for proper sizing.
- Next, install the Bullet Seating Die:
 - Follow the same steps to screw it into the press.
 - Adjust the die to achieve the desired bullet seating depth.
- Finally, install the Factory Crimp Die:
 - Again, screw it into the press and adjust as needed.

3. Using the Powder Dipper

- Use the included powder dipper to measure the appropriate amount of powder.
- Always check the weight of the powder with a scale for accuracy.

4. Reloading Process

- Begin with the Full Length Sizing Die to resize the brass cases.
- After sizing, use the Bullet Seating Die to seat the bullets into the cases.
- Finally, use the Factory Crimp Die to crimp the bullets securely.

5. PostReloading

- Inspect each cartridge for proper assembly and any defects.
- Store completed ammunition in a safe and secure location.

Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not throw away live ammunition. Contact local authorities for proper disposal methods.
- Recycle packaging materials where possible.

Contact Information for Further Support

For any questions or concerns regarding the use of this product, please consult the manufacturer or your local dealer for assistance.

By following these guidelines, you can ensure a safe and effective reloading experience with your PACESETTER RIFLE THREEDIE SET. Always prioritize safety and adhere to best practices while reloading ammunition.
