PACESETTER RIFLE THREEDIE SETS LEE PRECISION .32/20 WINCHESTER FULL LENGTH SIZING 3DIE SET STEEL Safety Instruction Guide

Introduction

Thank you for purchasing the PACESETTER RIFLE THREEDIE SET by LEE PRECISION. This product is designed for reloading .32/20 Winchester cartridges and includes a Full Length Sizing Die, Bullet Seating Die, Factory Crimp Die, Universal Shell Holder, Powder Dipper, and Instructions/Load Data. Please read this safety instruction guide carefully to ensure safe and effective use of this product.

General Safety Guidelines

- Always follow the manufacturer's instructions and guidelines when using this product.
- Ensure that the workspace is clean, organized, and free of distractions.
- Wear appropriate safety gear, including safety glasses and gloves, when handling reloading materials.
- Keep all components and tools out of reach of children and unauthorized persons.
- Be aware of your surroundings and ensure that no one is in close proximity while reloading.
- Regularly check for signs of wear or damage on all components before use.
- Store the product in a cool, dry place away from direct sunlight and moisture.

Specific Safety Precautions for Use

- Do not exceed recommended loads as specified in the load data.
- Always use the correct cartridge for the dies in this set.
- Ensure that the reloading press is securely mounted and stable before use.
- Never attempt to modify the dies or any components of the set.
- Use only the recommended tools and materials for reloading.
- Avoid using damaged or worn components, as they may lead to malfunction or accidents.
- In case of a misfire, follow proper procedures for handling and disposal of the cartridge.
- Keep a fire extinguisher nearby when reloading ammunition.

Instructions for Installation and Usage

1. Setup of the Reloading Press

- Securely mount your reloading press to a stable workbench.
- Ensure that the press is level and that all bolts are tightened.

2. Installation of the Dies

- Remove the existing die from your press if applicable.
- Install the Full Length Sizing Die by screwing it into the press until it is firmly in place.
- Repeat the process for the Bullet Seating Die and Factory Crimp Die.

3. Using the Dies

- Follow the load data provided with your set to select the appropriate powder and bullet for your reloading needs.
- Start with the Full Length Sizing Die to resize the brass cases.
- Next, use the Bullet Seating Die to seat the bullets to the desired depth.
- Finally, use the Factory Crimp Die to crimp the bullets securely in place.

4. Cleaning and Maintenance

- After each use, clean the dies and components with a soft cloth to remove any debris or residue.
- Inspect all parts for wear and replace any damaged components immediately.

Disposal Instructions

- Dispose of any unused or outdated reloading materials in accordance with local regulations.
- Do not throw away live ammunition or components in regular trash.
- Contact local authorities or hazardous waste disposal facilities for guidance on safe disposal methods.

Contact Information for Further Support

For any inquiries or further assistance regarding the PACESETTER RIFLE THREEDIE SET, please consult the manufacturer's website or customer service. Ensure you have the product details ready for reference.

By following these safety instructions, you will ensure a safe and enjoyable reloading experience. Thank you for choosing LEE PRECISION.
