In 2021, Magpul took their already reliable and versatile Tejas Gun Belt - "El Burro" and gave it some upgrades. With all-new materials and design, the buckle comes in brushed antique silver and sits flat against the waist. This makes our newest "El Burro" more comfortable than ever and significantly reduces printing when you're carrying. It also includes easily removable tool-free fasteners if you need to remove the buckle for any adjustments. The "El Burro" is built from a single flexible layer of waterproof, textured, reinforced polymer that provides dress belt comfort with stretch and sag-free performance whether you're carrying or not. It's cut in a standard 1-1/2" size that fits most belt loops and holsters, and we also refined the construction to include a tapered tip, making it easier to put on and take off.
