# **PACESETTER RIFLE THREEDIE SETS LEE PRECISION .300 H&H MAGNUM PACESETTER 3DIE SET Safety Instruction Guide**

## **Introduction**

Thank you for purchasing the PACESETTER RIFLE THREEDIE SET by LEE PRECISION. This guide provides important safety information and instructions for the proper use and maintenance of your reloading dies. Please read this guide carefully to ensure safe operation and compliance with the EU General Product Safety Regulation (GPSR).

## **General Safety Guidelines**

- Always handle reloading equipment with care and follow all safety precautions.
- Ensure that all components are in good working condition before use.
- Keep the work area clean and free from distractions.
- Store reloading materials and tools out of reach of children and unauthorized individuals.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when reloading.
- Be aware of the potential hazards associated with reloading ammunition, including the risk of fire, explosion, and injury.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Check for recall updates on the EU's Safety Gate platform regularly.

## **Specific Safety Precautions for Use**

- Read and understand all instructions and warnings before using the die set.
- Only use the die set with compatible cartridges, specifically the .300 H&H Magnum.
- Ensure that your reloading press is compatible with the 7/8"14 mounting standard.
- Do not exceed the recommended load data provided with the die set.
- Avoid using damaged or worn components; replace them immediately.
- Keep all reloading materials, including powder and primers, in a cool, dry place away from heat sources.
- Never smoke or allow open flames near reloading activities.
- Be mindful of the environment in which you are reloading; ensure proper ventilation.

## **Instructions for Installation and Usage**

### **1. Installation of the Die Set**

- Unpack the die set and inspect all components for damage.
- Install the Full Length Sizing Die into your reloading press by threading it into the press using the 7/8"14 threads.
- Secure the die in place without overtightening.
- Repeat the process for the Bullet Seating Die and the Factory Crimp Die.

### **2. Using the Full Length Sizing Die**

- Insert a clean, empty .300 H&H Magnum case into the shell holder.
- Pull the reloading press handle to size the case.
- Remove the sized case and inspect for proper sizing.

### **3. Using the Bullet Seating Die**

- Insert a bullet into the mouth of the sized case.
- Adjust the die to achieve the desired overall length of the cartridge.
- Pull the reloading press handle to seat the bullet securely in the case.

#### **4. Using the Factory Crimp Die**

- Place the seated cartridge into the shell holder.
- Adjust the die to apply the proper crimp to the cartridge.
- Pull the reloading press handle to complete the crimping process.

#### **5. Cleaning and Maintenance**

- Regularly clean the dies with a soft cloth to remove residue.
- Store the die set in a dry location, preferably in its original packaging.

## **Disposal Instructions**

- Dispose of any unused or expired reloading materials in accordance with local regulations.
- Do not throw away hazardous materials in regular trash; check with local waste management for proper disposal methods.
- Ensure that all components of the die set are disposed of responsibly, following any applicable environmental regulations.

## **Contact Information for Further Support**

For any safety inquiries or assistance related to the PACESETTER RIFLE THREEDIE SET, please refer to the manufacturer's contact information provided on the packaging or product documentation.

By following these guidelines and instructions, you can ensure the safe and effective use of your PACESETTER RIFLE THREEDIE SET. Thank you for prioritizing safety in your reloading activities.
