

AR-9 ADJUSTABLE TRIGGER - ELFTMANN AR-9 TRIGGER CURVED FINGER ADJUSTABLE

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

The ELF AR-9 Trigger has been built for performance. This trigger has an adjustable pull weight between 2.75 lbs and 4 lbs. Specifically developed for 9mm and .45 PCC platforms, after tens of thousands of rounds of testing in all platforms, the boss has decided this is the best trigger we have ever produced and does it all in every AR platform. It has a u-shaped captured disconnecter that forces a positive hold on the hammer and also has a "pad" that matches up to an extension on the hammer. The pad is directly in line with the rear trigger pin so when the hammer is stopped by those matching surfaces it effectively eliminates trigger slap from the hammer hitting the disconnecter and greatly enhances the feel of the trigger during live fire. Absolutely compatible with the Sig MPX! All our performance series triggers utilize aerospace grade sealed bearings, making for an incredibly smooth and fast trigger pull. Pull weight is so easy to adjust it can be done in seconds without removing the trigger from your lower receiver. A second-to-none drop-in trigger system that is strong and light, made of wire EDM machined, hardened A2 tool steel and lightweight aircraft grade aluminum. Installation can be done in minutes using your AR's original hammer and trigger pins. The match trigger may be ordered with a curved or straight shoe. The amazingly short take-up, glass-rod crisp break and next to zero over travel can be compared to the finest custom 1911 triggers. Adjustability puts you in charge based on your current use. If you are looking for the finest adjustable trigger for your AR-9 / AR-45 platform, this is the trigger system for you. Features Fits any mil-spec AR Platform Straight or Curved Trigger Available Incremental Adjustable Knob Compatible with Sig MPX which was used extensively in development Absolutely Drop-Safe regardless of pull-weight Factory set Pull-weight is approximately 50% lighter than that of a standard AR platform trigger, providing a great combination of speed and accuracy Adjustable from 4lbs to 2 3/4lbs without removing from lower Full power hammer spring ensures proper ignition of primer Very short pull and reset allows for rapid follow up shots and greater accuracy Sturdy trigger assembly designed for rugged, trouble-free use; Made of lightweight aircraft-grade aluminum and hardened steel Unique design of disconnect allows full 1/4" width eliminating possibility of wear and double-firing High performance trigger and hammer sealed bearings for smoother and faster firing Unique features include captured disconnecter eliminating any possible double fires and anti trigger-slap geometry greatly enhancing live fire.

Attributes

- Name: [ELFTMANN AR-9 TRIGGER CURVED FINGER ADJUSTABLE](#)
- Manufacturer: [ELFTMANN](#)
- Product no.: 100800167
- Mfr. No.: AR9-C FA
- Style: Curved
- Weapon type: AR-15
- Delivery weight: 0.142kg
- Shipping height: 25mm
- Shipping width: 76mm

- Shipping length: 152mm
- UPC: 616612925916

Item details

Made in USA

Safety Instruction Guide for AR9 Adjustable Trigger

Introduction

Thank you for choosing the ELF AR9 Adjustable Trigger. This guide provides essential safety instructions to ensure the safe and effective use of your trigger. Please read this guide thoroughly before installation and use.

General Safety Guidelines

- Ensure that the trigger is compatible with your firearm model before installation.
- Always treat your firearm as if it is loaded, even if you believe it to be unloaded.
- Keep your firearm pointed in a safe direction at all times.
- Store your firearm and trigger in a secure place, away from children and unauthorized users.
- Regularly inspect your trigger and firearm for any signs of wear or damage.
- Do not modify the trigger or any components without proper knowledge and expertise.
- Be aware of your surroundings and ensure a safe shooting environment.

Specific Safety Precautions for Use

- The AR9 trigger is designed for use with AR9 and AR45 platforms. Do not use it with other firearm models.
- Adjust the pull weight only when the firearm is unloaded and pointed in a safe direction.
- Ensure that the trigger is installed correctly before use. Refer to the installation instructions in this guide.
- If at any point the trigger feels unusual or malfunctions, cease use immediately and consult a qualified gunsmith.
- This trigger is not intended for use by individuals under the age of 18 without adult supervision.
- Be aware of the potential for trigger slap and ensure proper alignment during use to avoid this issue.

Instructions for Installation and Usage

Installation Instructions

1. Prepare Your Workspace:

- Ensure your workspace is clean and welllit.
- Gather all necessary tools, including a punch tool and a hammer.

2. Unload Your Firearm:

- Ensure your firearm is completely unloaded. Remove the magazine and check the chamber.

3. Remove the Existing Trigger:

- Use the punch tool to remove the trigger pins from your lower receiver.
- Carefully take out the existing trigger and disconnect.

4. Install the AR9 Trigger:

- Insert the new ELF AR9 Trigger into the lower receiver.
- Align the trigger with the trigger pin holes.
- Insert the trigger pins to secure the trigger in place.

5. Adjust the Pull Weight:

- Use the incremental adjustable knob to set the desired pull weight between 2.75 lbs and 4 lbs.
- Ensure the adjustment is secure and the trigger functions properly.

6. Test the Trigger:

- Before live fire, conduct a function test to ensure the trigger operates correctly.
- Check for smooth operation and proper reset.

Usage Instructions

- Always be aware of the firearm's safety features and ensure they are engaged when not in use.
- Practice safe handling and shooting techniques at all times.
- Familiarize yourself with the trigger's response and adjust your shooting technique accordingly.

Disposal Instructions

- Dispose of the trigger and any associated components in accordance with local regulations.
- If the trigger is damaged or no longer functional, do not attempt to repair it. Instead, dispose of it safely.
- Consider recycling materials where possible, following your local recycling guidelines.

Contact Information for Further Support

For any questions or concerns regarding the ELF AR9 Adjustable Trigger, please refer to the manufacturer's website or contact their customer support for assistance.

Important Notice: This safety instruction guide complies with the EU General Product Safety Regulation (GPSR). For your safety and that of others, please adhere to the guidelines and precautions outlined in this document. Always prioritize safety in all aspects of firearm handling and usage.
