Enhances and Ensures Magazine Insertion

The Magpul GL Enhanced Magazine Well for GLOCK 19 GEN 3 is a high performance, purpose-built GLOCK frame magazine well. It was designed to enhance and ensure positive magazine insertion in high stress scenarios. Its sleek and ergonomic design features also provide excellent concealment and ensure minimal printing to the user's clothing. Ramp and edge geometry allow for the smooth removal of faulty or stuck magazines during reloading or immediate action events. The Magpul GL Enhanced Magazine Well is optimized for use with standard capacity GLOCK factory magazines, Magpul GL9® PMAGs®, and a variety of aftermarket floorplates and extensions that are available for both. Recent generations of reduced capacity (10 rd) factory GLOCK magazines have several dimensional differences which may interfere with any magazine well, including the Magpul GL Enhanced Magazine Well. Some large aftermarket floorplates may also interfere. Due to inherent variances in GLOCK frame production, if an excessively tight fit is experienced during the installation of an Enhanced Magazine Well that requires excessive force it is recommended that a professional gunsmith complete the installation to mitigate the potential for frame damage. Made in the USA.

FEATURES Reinforced polymer construction Easy installation Rugged polymer formula holds up to rough handling Large ramp area for easier reloading External dimensions ensure minimal printing when carrying concealed Compatible with Magpul, OEM and most aftermarket magazine floor plates and magazine extensions

COMPATIBILITY Fits GEN 3 versions of the: G19, G23, G32, G38. Compatible with Magpul, OEM and most aftermarket magazine floor plates. Compatible with most common after-market magazine extensions.

GL Enhanced Magazine Well for GLOCK 19 GEN 3

Safety Instructions

Introduction

Thank you for choosing the Magpul GL Enhanced Magazine Well for GLOCK 19 GEN 3. This product is designed to enhance magazine insertion and ensure reliable performance in highstress situations. To maximize safety and performance, it is essential to follow the guidelines outlined in this document.

General Safety Guidelines

- Always handle firearms and firearm accessories with care and respect.
- Ensure that the firearm is unloaded before installing or handling the magazine well.
- Use only compatible magazines and extensions as specified in this guide.
- Keep the product out of reach of children and unauthorized users.
- Regularly check for wear or damage to the magazine well and associated components.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about recall updates via the EU Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the magazine well is properly installed before use.
- Avoid using excessive force during installation to prevent damage to the firearm.
- If the magazine well fits too tightly, seek assistance from a professional gunsmith.
- Do not attempt to modify the magazine well or use it with incompatible parts.
- Regularly inspect the magazine well and magazines for any signs of wear or malfunction.
- Be aware that aftermarket floorplates may interfere with the magazine well's functionality.

Instructions for Installation and Usage

Installation Instructions

1. Preparation

- Ensure the firearm is unloaded.
- Gather necessary tools: a clean cloth and a nonmarring tool for installation.

2. Installation Steps

- Align the magazine well with the GLOCK frame.
- Gently press the magazine well into place, ensuring a snug fit.
- If resistance is met, do not force the installation. Instead, consult a professional gunsmith.

3. Final Check

- Once installed, ensure the magazine well is secure and does not wobble.
- Test the fit with standard capacity GLOCK factory magazines and compatible aftermarket options.

Usage Instructions

- When reloading, ensure that the magazine is inserted firmly into the magazine well.
- In case of a malfunction, such as a stuck magazine, use the ramp and edge geometry of the magazine well to assist in removal.
- Practice safe handling and storage of your firearm and magazine well at all times.

Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic and plastic waste.
- Do not incinerate or throw away in regular trash.
- Contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For questions or concerns regarding the Magpul GL Enhanced Magazine Well for GLOCK 19 GEN 3, please refer to the manufacturer's official website or contact the retailer from whom you purchased the product for assistance.

Thank you for prioritizing safety and compliance with these guidelines. Enjoy the enhanced performance and reliability of your magazine well!
