

GOLDENROD DEHUMIDIFIER - 36" GOLDENROD

[Shooting Accessories](#) > [Gun Storage](#) > [Safe Accessories](#)

Warms Gun Safe Air To Eliminate Moisture & Corrosion

Designed to handle the worst kinds of humidity problems to give your gun safe, locker or cabinet the perfect environment for storing valuable firearms. GoldenRod dehumidifiers use a sealed, electric element to safely heat to a surface temperature of less than 150°F (almost too warm to hold); air inside the enclosure stays slightly warmer than the ambient, outside temperature. Expansion of the heated air drives out rust-causing moisture and circulates warm, dry air throughout the storage area. Mount GoldenRod horizontally at the bottom of the enclosure using the provided universal mounting brackets, plug it in, and forget about it. There s nothing to empty, refill, or bake dry. Your firearms are continuously protected from rust and mildew. Select from 12", 18", 24" and 36" long models. The longest unit that fits horizontally is recommended. GoldenRod cannot overdry an area.

Attributes

- Name: [36" GOLDENROD](#)
- Manufacturer: [LOCKDOWN](#)
- Product no.: 111000004
- Mfr. No.: 725751

GOLDENROD DEHUMIDIFIER Safety Instruction Guide

Introduction

Thank you for choosing the GOLDENROD DEHUMIDIFIER. This product is designed to create a safe and optimal environment for storing valuable firearms in gun safes, lockers, or cabinets by effectively managing humidity levels. To ensure your safety and the longevity of the product, please read this safety instruction guide carefully before use.

General Safety Guidelines

- Ensure the product is used in accordance with the manufacturer's instructions.
- Regularly check the dehumidifier for any signs of damage or wear.
- Keep the dehumidifier out of reach of children and pets.
- Do not use the dehumidifier in wet or damp environments.
- Avoid covering the dehumidifier or obstructing airflow.
- Report any unsafe conditions or accidents to local authorities.
- Stay informed about product recalls through the EU Safety Gate platform.

Specific Safety Precautions for Use

- **Electrical Safety:**

- Always plug the dehumidifier into a properly grounded outlet.
- Do not use extension cords that exceed the recommended wattage.
- Avoid using the dehumidifier if the power cord is damaged.

- **Temperature Awareness:**

- The surface temperature of the dehumidifier can reach up to 150°F (65°C). Avoid direct contact to prevent burns.

- **Fire Safety:**

- Do not place flammable materials near the dehumidifier.
- Ensure there is adequate ventilation around the unit.

- **Moisture Management:**

- Regularly check the area around the dehumidifier for signs of excessive moisture or condensation.

Instructions for Installation and Usage

1. Installation:

- Mount the GOLDENROD DEHUMIDIFIER horizontally at the bottom of the enclosure using the provided universal mounting brackets.
- Ensure the dehumidifier is securely attached and not obstructed by any items.

2. Power Connection:

- Plug the dehumidifier into a suitable electrical outlet.

- Confirm that the outlet is functioning properly before use.

3. Operation:

- Once plugged in, the dehumidifier will begin to operate automatically.
- The unit does not require any emptying, refilling, or baking dry.
- Monitor the area periodically to ensure optimal performance.

4. Maintenance:

- Inspect the dehumidifier regularly for any signs of wear or damage.
- Clean the exterior of the unit with a dry cloth as needed.

Disposal Instructions

- Dispose of the GOLDENROD DEHUMIDIFIER in accordance with local regulations for electronic waste.
- Do not dispose of the unit in regular household waste.
- Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries or support regarding the GOLDENROD DEHUMIDIFIER, please refer to the manufacturer's contact information provided on the product packaging or user manual.

Thank you for taking the time to read this safety instruction guide. Your safety and satisfaction are our top priorities. Enjoy peace of mind knowing your firearms are protected from rust and mildew with the GOLDENROD DEHUMIDIFIER.
