A OEM Replacement Barrel for Your Colt AR-15

Is it about time to replace the worn-out barrel on your Colt LE6920 AR-15? Maybe you're just looking to build a custom rifle and want a Colt-pattern barrel? Whatever the case, Colt now offers its factory-produced LE6920 AR-15 replacement barrels, so you can get the exact same barrel that's put on Colt's factory guns. Each Colt LE6920 Replacement Barrel features six-groove rifling with a 1:7-inch rate of twist. The barrels include M4-style feed ramps and have a chrome lining that prevents corrosion. Each barrel is set up for a carbine-length gas system and features 1/2"-28 TPI threading at the muzzle. Colt's LE6920 Replacement barrels are available in 16-inch lengths and can be had as a stripped barrel, complete with barrel extension, or as an assembly that includes a barrel nut, front-sight tower, post and sling swivel.

Safety Instruction Guide for Colt LE6920 AR15 Replacement Barrel

Introduction

Thank you for choosing the Colt LE6920 AR15 Replacement Barrel. This guide provides essential safety instructions and usage guidelines to ensure the safe operation and maintenance of your new barrel. Please read this document thoroughly before installation and usage.

General Safety Guidelines

- Ensure that the product is used only by individuals who are familiar with firearms and gun safety.
- Always treat every firearm as if it is loaded.
- Store the barrel in a secure location, out of reach of children and unauthorized users.
- Be aware of your surroundings and ensure a safe environment when handling firearms.
- Regularly inspect the barrel for any signs of wear or damage before use.
- Follow all local laws and regulations regarding firearms and their components.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection and hearing protection, when using firearms.
- Avoid using the barrel with ammunition that exceeds the specified caliber (5.56 mm NATO).
- Ensure that the barrel is properly installed before attempting to fire the firearm.
- Do not modify the barrel in any way that would compromise its structural integrity or safety.
- Be cautious of hot surfaces after firing, as the barrel can become extremely hot.
- If you notice any unusual sounds or performance issues while using the barrel, stop using it immediately and seek professional assistance.

Instructions for Installation and Usage

1. Installation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Remove the existing barrel from the firearm, following the manufacturer's instructions.
- Align the Colt LE6920 Replacement Barrel with the barrel extension and secure it using the provided barrel nut.
- Ensure that the M4style feed ramps are properly aligned.
- Tighten the barrel nut to the manufacturer's specifications to ensure a secure fit.
- Reattach any front sight tower, post, and sling swivel if applicable.

2. Usage:

- After installation, conduct a thorough function check of the firearm before live firing.
- Load the firearm with appropriate 5.56 mm NATO ammunition.
- Fire the firearm in a controlled environment, ensuring that all safety protocols are followed.
- Clean the barrel regularly to maintain performance and prevent corrosion.

Disposal Instructions

- Dispose of the barrel in accordance with local regulations for hazardous materials.
- If the barrel is damaged or no longer usable, consider recycling the metal components where applicable.
- Do not dispose of the barrel in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the Colt LE6920 AR15 Replacement Barrel, please refer to the manufacturer's website or contact your local dealer for assistance. Always ensure that you are following the most current safety guidelines and legal requirements.

Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation. Enjoy your shooting experience with the Colt LE6920 AR15 Replacement Barrel.
