

# STANDARD STOCK RECOIL SUPPRESSOR - C & H RESEARCH SHORT STOCK RECOIL SUPPRESSOR

[Shooting Accessories](#) > [Recoil Parts](#) > [Recoil Reducers](#)

Helps counteract the painful effects of recoil using mercury, one of the heaviest, densest, liquid elements. Compact, permanently sealed, steel case is made from bar stock; the only moving part is the liquid mercury so there's no wear, no chance of leaks. Mercury's viscosity varies only 1% from 0 F. to 90 F. which means the recoil-fighting performance is consistent in almost all weather conditions. Stock models fit in the rifle or shotgun stocks and are drilled and tapped 1/4"-28 tpi for easy installation and removal. Mercury Recoil Sizes

## Attributes

- Name: [C & H RESEARCH SHORT STOCK RECOIL SUPPRESSOR](#)
- Manufacturer: [C & H RESEARCH](#)
- Product no.: 163100004
- Mfr. No.: 100783
- Colour: Silver
- Material: Stainless Steel
- Style: Recoil Suppressor
- Delivery weight: 0.249kg
- Shipping height: 38mm
- Shipping width: 41mm

# Safety Instruction Guide for STANDARD STOCK RECOIL SUPPRESSOR

## Introduction

Thank you for choosing the STANDARD STOCK RECOIL SUPPRESSOR by C & H RESEARCH. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your recoil suppressor. Please read this document carefully to understand the proper handling, installation, and maintenance of the product.

## General Safety Guidelines

- Ensure that the recoil suppressor is used only as intended.
- Always follow the manufacturer's instructions for installation and use.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the suppressor for any signs of damage or wear before use.
- Report any unsafe conditions or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Do not exceed the recommended weight specifications of the suppressor.
- Avoid using the suppressor in extreme temperatures outside the specified range of 0 F to 90 F.
- Ensure that the suppressor is securely installed to prevent accidental detachment during use.
- Do not attempt to disassemble the suppressor, as it is permanently sealed.
- If you notice any leakage or unusual performance, discontinue use immediately and consult a professional.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the firearm is unloaded and safe before beginning installation.
- Locate the drilled and tapped area on your rifle or shotgun stock.
- Align the suppressor with the 1/4"28 tpi threaded hole.
- Using the appropriate tool, securely attach the suppressor to the stock.
- Confirm that the suppressor is firmly in place before proceeding.

### 2. Usage:

- Always wear appropriate safety gear, including eye and ear protection, when using firearms.
- Fire the weapon in a safe environment, following all local laws and regulations.
- Monitor the performance of the suppressor during use. If you experience any issues, cease firing and inspect the suppressor.

### 3. Maintenance:

- Clean the exterior of the suppressor with a dry cloth to remove any dirt or debris.
- Do not use solvents or chemicals that may damage the steel case or affect the mercury inside.
- Regularly check the suppressor for signs of wear or damage, and consult a professional if any issues arise.

## **Disposal Instructions**

- Dispose of the suppressor in accordance with local regulations regarding hazardous materials.
- Do not attempt to open or disassemble the suppressor for disposal.
- If the suppressor is damaged or no longer usable, contact your local waste management authority for guidance on safe disposal.

## **Contact Information for Further Support**

For any questions or concerns regarding the STANDARD STOCK RECOIL SUPPRESSOR, please refer to the manufacturer's website or contact their customer support. Ensure you have the product details and any relevant information ready for assistance.

Thank you for following these safety instructions. Your safety and satisfaction are our top priorities. Enjoy your experience with the STANDARD STOCK RECOIL SUPPRESSOR.
