

KRAGOS™ SLIDE FOR GLOCK 19® RMR CUTS - CMC TRIGGERS

GLOCK 19 GEN 3 KRAGOS SLIDE RMR CUT BLACK DLC

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

CMC's newest addition to their lineup is the KRAGOS™ Slide that is compatible with the Glock 19®! The KRAGOS™ Slide solidifies CMC's reputation for production premium aftermarket Glock® parts and accessories. The KRAGOS™ features an aggressively sleek design and enhanced aesthetics, which helps improve accuracy and performance without sacrificing reliability or concealment. The KRAGOS™ is manufactured in a state-of-the-art facility to tighter tolerances than factory slides for increased consistency in barrel lockup, improving accuracy. Constructed from 17-4 stainless-steel billet, CMC's KRAGOS™ Glock® Slides are then heat-treated to H900 42-44RC and coated with a Diamond-Like-Carbon (DLC) finish for added corrosion resistance and durability. DLC coatings exhibit a desirable combination of low coefficient friction and high micro-hardness, making it the perfect upgrade in high wear applications. The KRAGOS™ features a wraparound scalloped serration pattern that improves grip while manipulating the slide, like press checking the chamber or clearing a malfunction. The 45-degree chamfer edge eases holster ingress and egress, preventing snags on gear. All slides come with standard Glock® sight cuts equipped with tritium night sights and pre-cut optic pocket for the easy, secure, low-profile mounting that accommodates all red dot pistol optics that share an RMR® footprint. The KRAGOS™ Slide accepts factory or aftermarket barrels and parts, is the ideal upgrade for your factory Gen 3 Glock® 19 pistols and pairs nicely with Polymer 80 frames for new custom gun builds. FEATURES: Fits GEN3 Glock® 19 Pistol Frames & Components 45-Degree Chamfer on Dither Edge to Ease Holster Ingress and Egress Machined from Corrosion Resistant 17-4 Stainless Steel Billet Heat Treated to H900 42-44RC Precision Wire EDM Breach Face Wear Resistant Black Diamond-Like-Carbon (DLC) Coating Preinstalled Tritium Night Sights on factory Glock® Front/Rear Cuts Accepts Factory and Aftermarket Barrels and Parts Pre-Cut RMR® Footprint Mounting Slot Fits Trijicon®, SOUSA® RAID™ RPD & Holosun® HE508T, HS507C, HS407C CMC's 100% Lifetime Warranty

KRAGOS™ Slide for Glock 19® Safety Instruction Guide

Introduction

Thank you for choosing the KRAGOS™ Slide for your Glock 19®. This safety instruction guide is designed to provide you with essential information on how to safely use, install, and maintain your KRAGOS™ Slide. Your safety is our priority, and we encourage you to read this guide thoroughly before using the product.

General Safety Guidelines

- Ensure that the KRAGOS™ Slide is installed by a qualified gunsmith or experienced individual to avoid any potential hazards.
- Always treat your firearm as if it is loaded, even if you believe it to be unloaded.
- Keep the firearm pointed in a safe direction at all times.
- Store your firearm and its components securely and out of reach of children and unauthorized users.
- Regularly inspect the KRAGOS™ Slide for any signs of wear or damage.
- Be aware of your local laws regarding firearm modifications and accessories.

Specific Safety Precautions for Use

- **Compatibility:** Ensure that the KRAGOS™ Slide is compatible with your specific Glock 19® model (Gen 3).
- **Installation:** Follow all installation instructions carefully to avoid improper fitting, which can lead to malfunction.
- **Sights:** The KRAGOS™ Slide comes with preinstalled tritium night sights. Ensure that they are properly aligned and functional before use.
- **Barrel and Parts:** Only use factory or compatible aftermarket barrels and parts with the KRAGOS™ Slide.
- **Cleaning:** Clean the slide regularly to maintain performance and longevity. Use appropriate cleaning materials and methods.
- **Handling:** When manipulating the slide, use the wraparound scalloped serration pattern for improved grip and control.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is unloaded.
- Remove the factory slide from the Glock 19® frame.

2. Installation:

- Align the KRAGOS™ Slide with the frame.
- Carefully slide it onto the frame until it is fully seated.
- Ensure that all components are properly aligned and fit securely.

3. Check Functionality:

- Perform a function check to ensure that the slide operates smoothly.
- Verify that the sights are properly aligned and functional.

4. Usage:

- When using the firearm, ensure that you are in a safe environment and follow all firearm safety protocols.
- Practice proper shooting techniques to enhance accuracy and performance.

5. PostUse Care:

- After use, clean the KRAGOS™ Slide according to the manufacturer's recommendations.
- Store the firearm securely.

Disposal Instructions

- Dispose of any packaging materials in accordance with local recycling guidelines.
- If the KRAGOS™ Slide becomes damaged beyond repair, contact a local waste disposal service to ensure safe disposal.
- Do not dispose of the KRAGOS™ Slide in regular trash; instead, follow local regulations for hazardous materials.

Contact Information for Further Support

For any safety inquiries or support regarding the KRAGOS™ Slide, please reach out to the manufacturer or a qualified firearm expert. Always ensure that you have the most current information regarding safety recalls or product updates.

By following these guidelines, you can help ensure your safety and the safe operation of your KRAGOS™ Slide for Glock 19®. Always prioritize safety and responsible firearm handling.
