

KRAGOS™ SLIDE FOR GLOCK 17® RMR CUTS - CMC TRIGGERS

GLOCK 17 GEN 3 KRAGOS SLIDE RMR CUT BLACK DLC

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

CMC's newest addition to their lineup is the KRAGOS™ Slide that is compatible with the Glock 17®! The KRAGOS™ Slide solidifies CMC's reputation for production premium aftermarket Glock® parts and accessories. The KRAGOS™ features an aggressively sleek design and enhanced aesthetics, which helps improve accuracy and performance without sacrificing reliability or concealment. The KRAGOS™ is manufactured in a state-of-the-art facility to tighter tolerances than factory slides for increased consistency in barrel lockup, improving accuracy. Constructed from 17-4 stainless-steel billet, CMC's KRAGOS™ Glock® Slides are then heat-treated to H900 42-44RC and coated with a Diamond-Like-Carbon (DLC) finish for added corrosion resistance and durability. DLC coatings exhibit a desirable combination of low coefficient friction and high micro-hardness, making it the perfect upgrade in high wear applications. The KRAGOS™ features a wraparound scalloped serration pattern that improves grip while manipulating the slide, like press checking the chamber or clearing a malfunction. The 45-degree chamfer edge eases holster ingress and egress, preventing snags on gear. All slides come with standard Glock® sight cuts equipped with tritium night sights and pre-cut optic pocket for the easy, secure, low-profile mounting that accommodates all red dot pistol optics that share an RMR® footprint. The KRAGOS™ Slide accepts factory or aftermarket barrels and parts, is the ideal upgrade for your factory Gen 3 Glock® 17 pistols and pairs nicely with Polymer 80 frames for new custom gun builds. FEATURES: Fits GEN3 Glock® 17 Pistol Frames & Components 45-Degree Chamfer on Dither Edge to Ease Holster Ingress and Egress Machined from Corrosion Resistant 17-4 Stainless Steel Billet Heat Treated to H900 42-44RC Precision Wire EDM Breach Face Wear Resistant Black Diamond-Like-Carbon (DLC) Coating Preinstalled Tritium Night Sights on factory Glock® Front/Rear Cuts Accepts Factory and Aftermarket Barrels and Parts Pre-Cut RMR® Footprint Mounting Slot Fits Trijicon®, SOUSA® RAID™ RPD & Holosun® HE508T, HS507C, HS407C CMC's 100% Lifetime Warranty

KRAGOS™ Slide for Glock 17® Safety Instruction Guide

Introduction

Thank you for choosing the KRAGOS™ Slide for your Glock 17®. This guide provides essential safety instructions and information to ensure the safe use of your product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the KRAGOS™ Slide is compatible with your specific Glock model before installation.
- Always handle firearms with care and follow standard safety practices.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the slide for any signs of wear or damage before use.
- Report any unsafe products or incidents to the relevant authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always ensure that your firearm is unloaded before installing or removing the slide.
- Use protective eyewear when handling or installing the slide to prevent injury.
- Be aware of your surroundings and ensure that you are in a safe area when handling firearms.
- Do not attempt to modify or alter the slide in any way, as this may compromise safety and performance.
- Always use the appropriate ammunition specified for your Glock 17®.

Instructions for Installation and Usage

1. Preparation

- Ensure that your Glock 17® is completely unloaded.
- Gather necessary tools, including a punch tool and a torque wrench.

2. Installation Steps

- Remove the factory slide from your Glock 17® by following the manufacturer's instructions.
- Align the KRAGOS™ Slide with the frame of the Glock 17®.
- Carefully slide the KRAGOS™ onto the frame, ensuring proper alignment with the rails.
- Secure the slide in place by reinstalling the necessary components, such as the recoil spring and guide rod.
- Ensure that all parts are tightened to the manufacturer's specifications using a torque wrench.

3. Usage

- After installation, perform a function check to ensure that the slide operates smoothly.
- Practice safe handling and storage of your firearm at all times.
- Regularly clean and maintain the slide to ensure optimal performance and longevity.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If you need to dispose of the KRAGOS™ Slide, check with local authorities for proper disposal methods for metal components.

Contact Information for Further Support

For any questions or concerns regarding the KRAGOS™ Slide, please refer to the manufacturer's website or customer support channels for assistance. Ensure that you have your product details available for a more efficient response.

By following these instructions and guidelines, you can ensure the safe and effective use of the KRAGOS™ Slide for your Glock 17®. Thank you for prioritizing safety and compliance.
