# MTM Sportsmen's Plus Utility Dry Box ORing Sealed Safety Instructions

## Introduction

Thank you for choosing the MTM Sportsmen's Plus Utility Dry Box ORing Sealed 19x13x10.4. This product is designed to provide reliable storage for your gear while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use this product safely and effectively.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as a storage box.
- Always inspect the dry box for any damage before each use. Do not use if damaged.
- Keep the dry box out of reach of children to prevent accidents.
- Avoid exposing the dry box to extreme temperatures or direct sunlight for extended periods.
- If the product is used in a wet environment, ensure it is dried thoroughly before storage.
- Regularly check for signs of wear or deterioration, especially the Oring seal, to maintain its effectiveness.

## Specific Safety Precautions for Use

- Do not overload the dry box beyond its capacity, which may compromise its integrity.
- Ensure that the Oring seal is properly seated to maintain waterproof capabilities.
- When closing the box, ensure that all latches are securely fastened to prevent accidental opening.
- Avoid placing heavy or sharp objects directly against the interior walls to prevent punctures.
- Store the dry box in a cool, dry place when not in use to prolong its lifespan.

## Instructions for Installation and Usage

### 1. Unpacking the Dry Box

- Carefully remove the dry box from its packaging.
- Inspect for any visible damage or defects.

### 2. Preparing the Dry Box for Use

- Ensure the Oring is clean and free of debris.
- Check that the lid closes properly and the latches function correctly.

### 3. Filling the Dry Box

- Place items inside the box, ensuring not to exceed the recommended weight limit.
- Arrange items to avoid pressure on the Oring seal.

### 4. Sealing the Dry Box

- Close the lid firmly.
- Engage all latches to secure the box.

### 5. Transporting the Dry Box

- Carry the dry box using the designated handles.
- Ensure it is balanced and secure during transport.

### 6. Cleaning and Maintenance

- Clean the exterior with a damp cloth and mild detergent.
- Regularly check the Oring for wear and replace if necessary.

## Disposal Instructions

- Dispose of the dry box in accordance with local regulations.
- If the product is no longer usable, consider recycling parts where applicable.
- Do not dispose of the dry box in a manner that could harm the environment.
