

RUGER® AMERICAN® LONG ACTION SCOPE BASES - EGW RUGER® AMERICAN LONG ACTION 20 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Ruger American Long Action Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

Safety Instruction Guide for RUGER® AMERICAN® LONG ACTION SCOPE BASES

Introduction

Thank you for choosing the EGW Ruger American Long Action Scope Bases. This guide provides essential safety information, installation instructions, and general guidelines to ensure the safe and effective use of your product. Please read this document carefully before using the scope bases.

General Safety Guidelines

- Ensure that the scope bases are compatible with your Ruger American Long Action firearm.
- Always inspect the product for any signs of damage or wear before installation.
- Do not exceed the recommended torque settings during installation.
- Keep the product out of reach of children and individuals who may not understand its use.
- Report any unsafe conditions or accidents involving this product to the appropriate authorities.

Specific Safety Precautions for Use

- Use only Picatinny or Weaver scope rings that are compatible with the scope bases.
- Always secure the scope bases properly to avoid any movement while in use.
- Avoid using excessive force when tightening screws to prevent stripping or damaging the material.
- Ensure that the firearm is unloaded and pointed in a safe direction during installation and maintenance.
- Regularly check the tightness of the screws and the integrity of the scope bases after installation.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools, including a socket head Torx® wrench and blue loctite.
- Ensure your firearm is unloaded and in a safe condition.

2. Installation Steps

- Locate the factory scope mount holes on your Ruger American Long Action receiver.
- Align the EGW scope bases with the mount holes.
- Insert the provided socket head Torx® screws into the holes of the scope bases.
- Tighten the screws gradually in a crisscross pattern to ensure even pressure.
- Apply a drip of blue loctite to each screw to secure them in place.
- Torque the screws to the recommended setting of 20 inch lbs.

3. Usage

- Once installed, mount your scope onto the Picatinny rail.
- Adjust the scope to your desired eye relief and secure it using the appropriate rings.
- Regularly check the alignment and security of the scope during use.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer usable, contact your local waste management facility for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of your EGW Ruger American Long Action Scope Bases, please refer to the manufacturer's contact information provided with your purchase. Ensure you have the product details available for reference.

Thank you for your attention to these safety instructions. Enjoy using your Ruger American Long Action Scope Bases responsibly and safely.
