

BROWNING AB3 LONG ACTION SCOPE BASES - EGW BROWNING AB3 LONG ACTION 0 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Browning AB3 Long Action Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to $\pm .002$ ". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

Safety Instruction Guide for BROWNING AB3 LONG ACTION SCOPE BASES

Introduction

Thank you for choosing the EGW Browning AB3 Long Action Scope Bases. This guide provides important safety instructions and guidelines to ensure the safe and effective use of your scope bases. Please read and follow these instructions carefully.

General Safety Guidelines

- Always ensure that the firearm is unloaded before installing or using the scope bases.
- Handle the scope bases with care to avoid any physical damage.
- Regularly inspect the scope bases for wear or damage before each use.
- Use the product only for its intended purpose as specified in this guide.
- Keep the product out of reach of children and unauthorized users.
- Report any accidents or unsafe conditions to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the scope bases are compatible with your Browning AB3 Long Action firearm.
- Follow the manufacturer's recommendations regarding torque specifications when mounting.
- Use only compatible Picatinny or Weaver scope rings to secure your scope.
- Do not exceed the recommended torque of 20 inch lbs when installing the bases.
- Use a drop of blue loctite on the screws to ensure they remain secure during use.
- Avoid overtightening the screws, which may cause damage to the scope bases or firearm.

Instructions for Installation and Usage

1. Preparation:

- Ensure your firearm is unloaded.
- Gather necessary tools: a socket head Torx wrench and blue loctite.

2. Installation:

- Align the EGW Browning AB3 Long Action Scope Bases with the factory scope mount holes on the receiver.
- Insert the socket head Torx screws into the holes and handtighten them first.
- Using the Torx wrench, tighten the screws to a torque of 20 inch lbs.
- Apply a drop of blue loctite to each screw to secure them in place.

3. Usage:

- Once installed, attach your scope using compatible Picatinny or Weaver rings.
- Adjust the scope to your desired eye relief for optimal viewing.
- Regularly check the tightness of the screws and the integrity of the scope bases before use.

Disposal Instructions

- Dispose of any packaging materials responsibly and in accordance with local waste disposal regulations.
- If the scope bases are damaged beyond repair, dispose of them in a manner that complies with local environmental regulations.

Contact Information for Further Support

For any inquiries regarding safety or product support, please contact the manufacturer's customer service or refer to the product packaging for additional information.

Thank you for your attention to these safety guidelines. Enjoy your shooting experience with the EGW Browning AB3 Long Action Scope Bases!
