

# BROWNING A-BOLT LONG ACTION SCOPE BASES - EGW BROWNING A-BOLT LONG ACTION 0 MOA SILVER

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Browning A-Bolt Long Action Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

# Safety Instruction Guide for BROWNING ABOLT LONG ACTION SCOPE BASES

## Introduction

Thank you for choosing the EGW Browning ABolt Long Action Scope Bases. This guide provides essential safety instructions and information to ensure the proper use and installation of your scope bases. Please read this guide carefully before use to ensure your safety and the safety of others.

## General Safety Guidelines

- Always handle the scope bases with care to prevent damage and ensure safe installation.
- Ensure that the scope bases are compatible with your Browning ABolt Long Action firearm model.
- Inspect the scope bases for any signs of damage or defects before installation. Do not use if damaged.
- Keep the scope bases and all tools out of reach of children and vulnerable individuals.
- Follow all local laws and regulations regarding firearm modifications and accessories.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure that the firearm is unloaded and pointed in a safe direction before installing the scope bases.
- Use appropriate tools when installing the scope bases to avoid injury and ensure a secure fit.
- Only use Picatinny or Weaver scope rings that are compatible with the scope bases.
- Do not exceed the recommended torque of 20 inch lbs when securing the scope bases.
- Use blue Loctite as recommended to prevent loosening of screws over time.
- Regularly check the scope bases for tightness and security, especially after shooting sessions.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a socket head Torx wrench.
- Ensure that the firearm is unloaded and in a safe position.

### 2. Installation:

- Align the scope bases with the factory scope mount holes on the receiver of your Browning ABolt Long Action firearm.
- Insert the provided socket head Torx screws into the holes.
- Tighten the screws to a torque of 20 inch lbs using the Torx wrench.
- Apply a small drop of blue Loctite to each screw to secure them in place.

### 3. Mounting the Scope:

- Select compatible Picatinny or Weaver scope rings and attach them to the installed scope bases.
- Follow the manufacturer's instructions for securing the scope in the rings.

### 4. Final Checks:

- Ensure that all screws are tightened and the scope is securely mounted.
- Check the alignment of the scope and make any necessary adjustments.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local recycling regulations.
- If the scope bases are damaged beyond repair, dispose of them in a manner that complies with local waste disposal regulations.

## **Contact Information for Further Support**

For any questions or concerns regarding the installation or safety of the EGW Browning ABolt Long Action Scope Bases, please consult the manufacturer's website or contact their customer support team for assistance.

Thank you for prioritizing safety and following these guidelines. Enjoy your shooting experience with the EGW Browning ABolt Long Action Scope Bases!
