

# HD SAKO TRG, M995 HD SCOPE BASES - EGW SAKO TRG, M995 20 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Sako TRG, M995 Heavy Duty Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Heavy Duty mounts are .100" lower than the Lightweight mounts to minimize weight and keep your optic closer to the barrel centerline for improved accuracy. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid extruded 7075 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite.

## Attributes

- Name: [EGW SAKO TRG, M995 20 MOA](#)

# Safety Instruction Guide for HD SAKO TRG, M995

## HD Scope Bases

### Introduction

Thank you for choosing the EGW Sako TRG, M995 Heavy Duty Scope Bases. This guide provides essential safety instructions and information to ensure the safe and effective use of your product. Please read this guide carefully before installation and use.

### General Safety Guidelines

- Ensure that the scope bases are compatible with your firearm model.
- Always follow the manufacturer's instructions for installation and usage.
- Regularly inspect the scope bases for any signs of wear or damage.
- Use only the recommended tools and components during installation.
- Ensure that the firearm is unloaded before beginning installation or adjustments.
- Keep the product out of reach of children and vulnerable individuals.

### Specific Safety Precautions for Use

- **Installation Precautions:**

- Avoid using excessive force when tightening screws to prevent damage to the scope base or firearm.
- Use a torque wrench to apply the recommended torque of 20 inch lbs.
- Always apply a drip of blue loctite to the screws to ensure secure installation.

- **Usage Precautions:**

- Ensure that the scope is properly mounted and secured before use.
- Regularly check for any loosening of the scope or bases during use.
- Do not exceed the weight limit of the scope bases as specified by the manufacturer.

- **General Handling:**

- Handle the firearm with care and in accordance with standard firearm safety practices.
- Avoid exposing the product to harsh chemicals or extreme environmental conditions.

### Instructions for Installation and Usage

#### 1. Preparation:

- Gather all necessary tools, including a torque wrench, socket head Torx® screws, and a drip of blue loctite.
- Ensure that the firearm is unloaded and safe to handle.

#### 2. Installation Steps:

- Align the scope base with the factory scope mount holes on the gun's receiver.
- Insert the socket head Torx® screws into the predrilled holes.
- Using a torque wrench, tighten the screws to a torque of 20 inch lbs.
- Apply a small drip of blue loctite to each screw to secure them in place.

### **3. Usage Steps:**

- Mount the scope onto the Picatinny rail according to the scope manufacturer's instructions.
- Adjust the scope to achieve the desired eye relief and ensure a proper fit.
- Test the setup by aiming and adjusting as necessary before taking the firearm to the range or field.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local regulations.
- If the product becomes damaged or is no longer usable, please dispose of it responsibly, following local electronic waste disposal guidelines.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding your product, please refer to the manufacturer's contact details provided with your purchase.

## **Conclusion**

By following these safety instructions, you can ensure the safe and effective use of your EGW Sako TRG, M995 Heavy Duty Scope Bases. Always prioritize safety and adhere to best practices while handling firearms and related equipment. Thank you for your attention to these important guidelines.
