Quick Lock, Quick Release Adjustment Lever For Harris S-Series Bipods

E. ARTHUR BROWN COMPANY, INC. SWIVEL LOCKING S-LEVER FOR HARRIS-TYPE BIPODS Easy-to-install lever replaces the knob on Harris S-series bipods, so you can release the tension, tilt the rifle to level the scope crosshairs, and then with a quick flick of the lever, lock it down so you're ready to fire. Lightweight, fiber-reinforced nylon lever is easy to grasp and spring-loaded so you can reposition it to prevent snags without losing the tilt setting. Installs with simple hand tools. Instructions included. SPECS: Lever: Fiber-filled nylon, black. Hardware: Carbon steel, blued. Approximately 2" (5cm) long, 1-3/8" (3.5cm) deep, 5/8" (1.6cm) wide. Weight: .6 oz. (17g) weight.

Safety Instruction Guide for SWIVEL LOCKING SLEVER FOR HARRISTYPE BIPODS

Introduction

Thank you for purchasing the SWIVEL LOCKING SLEVER FOR HARRISTYPE BIPODS from E. Arthur Brown Company. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as an accessory for Harris Sseries bipods.
- Always inspect the product before use to ensure it is in good working condition.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Do not modify the product in any way, as this may compromise safety.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure the lever is properly installed before use to avoid any malfunction.
- Use the lever only when the bipod is securely positioned.
- Avoid using excessive force when operating the lever to prevent damage.
- Be cautious of the springloaded mechanism; keep fingers clear when adjusting.
- Do not attempt to operate the lever while aiming or firing the rifle.
- If you experience any difficulty with the lever, cease use immediately and consult the installation instructions.

Instructions for Installation and Usage

Installation

1. Gather necessary tools for installation (simple hand tools).
2. Remove the existing knob from the Harris Sseries bipod.
3. Align the SWIVEL LOCKING SLEVER with the attachment point.
4. Securely attach the lever, ensuring it is firmly in place.
5. Confirm that the lever operates smoothly before use.

Usage

1. To release tension, pull the lever outward.
2. Adjust the rifle's position to level the scope crosshairs.
3. Once aligned, flick the lever back to lock it in place.
4. Confirm that the lever is locked before preparing to fire.
5. If adjustments are needed, repeat the process as necessary.

Disposal Instructions

- Dispose of the product according to local regulations for plastic and metal waste.
- Do not dispose of the product in regular household waste.
- Consider recycling the materials where possible to reduce environmental impact.

Contact Information for Further Support

For any inquiries regarding the safety and usage of the SWIVEL LOCKING SLEVER FOR HARRISTYPE BIPODS, please consult the E. Arthur Brown Company website or customer support resources.

By following these guidelines, you can ensure a safe and effective experience with your SWIVEL LOCKING SLEVER FOR HARRISTYPE BIPODS. Thank you for your attention to safety.
