

MOLLE BACK PANEL LITE , RANGER GREEN

[Home](#)

The MOLLE back panel was designed to give LV/119 O V E R T users the ability to quickly swap out multiple rear bag loadout configurations based on the needs of a mission set. With its semi-rigid MOLLE frame, multiple anchor points, and quick zip installation, the MOLLE Back Panel is just as robust as a permanent sewn-in system while providing a near limitless set of pouch combination options. The MOLLE Back Panel features six columns of MOLLE, which provides ample real estate for attaching water bladders, wide pouches, or multiple small pouches side-by-side. End users can now keep one plate carrier for all missions and simply swap out back panels that have been preloaded with specific equipment and MOLLE storage solutions. Swapping between MOLLE Back Panels takes less than a minute and requires no tools. This allows operators to store additional back panels in vehicles or ready rooms for rapid deployment when needed. The MOLLE Back Panel features 6 slots across, and 12 slots down.

MOLLE Back Panel Lite Safety Instruction Guide

Introduction

Thank you for choosing the MOLLE Back Panel Lite in Ranger Green. This product is designed to enhance your operational flexibility by allowing you to quickly swap out rear bag loadout configurations. The following safety instructions will guide you in the safe use, installation, and disposal of this product, ensuring compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Regularly inspect the MOLLE Back Panel for signs of wear or damage.
- Do not overload the panel beyond its capacity.
- Keep the product away from children and vulnerable individuals.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always ensure that the MOLLE Back Panel is securely attached before use.
- Avoid using the panel in extreme weather conditions unless specified.
- Be cautious when swapping panels; ensure that all components are aligned properly.
- Do not use the MOLLE Back Panel if it shows signs of structural failure.
- Ensure that all pouches and attachments are properly secured to prevent accidental detachment.

Instructions for Installation and Usage

1. Installation of the MOLLE Back Panel:

- Lay the MOLLE Back Panel flat on a stable surface.
- Align the panel with the attachment points on your plate carrier.
- Slide the panel into place, ensuring it is fully seated and secure.
- Use the quick zip installation feature to fasten the panel.
- Verify that the panel is firmly attached by tugging gently on the edges.

2. Swapping Between MOLLE Back Panels:

- Ensure your current panel is securely attached before attempting to swap.
- Unzip the current panel using the quick zip feature.
- Remove the panel from the attachment points.
- Follow the installation steps to attach the new panel.
- Confirm that the new panel is securely fastened before use.

3. Usage Guidelines:

- Load pouches and equipment according to your mission requirements.
- Distribute weight evenly across the panel to maintain balance.
- Regularly check the stability of attached items during use.
- Remove the panel after use for storage, ensuring it is clean and dry.

Disposal Instructions

- Dispose of the MOLLE Back Panel in accordance with local regulations.
- Do not burn the product, as it may release harmful substances.
- Consider recycling options for any components that can be recycled.
- If the product is damaged beyond repair, ensure it is disposed of safely to prevent environmental harm.

Contact Information for Further Support

For any questions or concerns about the MOLLE Back Panel Lite, please refer to your retailer or manufacturer for assistance. Ensure you have your purchase details ready when seeking support.

Thank you for following these safety instructions. Your adherence to these guidelines will help ensure safe and effective use of the MOLLE Back Panel Lite.
