

6MM PPC BRASS CASE - NORMA 6MM PPC BRASS 50/BOX

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

Norma Brass provides the serious reloader a premium grade, quality cartridge to reload. Norma Brass is bulk packed from the same lot. We try to keep a good supply of brass in inventory, but due to factory production and delivery delays, we may occasionally be out of some cartridges. Norma Brass is made to such exact standards that the cartridges typically include machined case heads, drilled (not punched) flash holes and close tolerance wall thickness.

Attributes

- Name: [NORMA 6MM PPC BRASS 50/BOX](#)
- Manufacturer: [NORMA](#)
- Product no.: 430101038
- Mfr. No.: 10260107

Safety Instruction Guide for 6MM PPC Brass Case

Introduction

Thank you for choosing the 6MM PPC Brass Case from Norma. This guide provides essential safety instructions to ensure the safe handling and use of our product. Please read this guide thoroughly before using the brass cases to ensure your safety and compliance with EU regulations.

General Safety Guidelines

- Always handle ammunition components with care.
- Store brass cases in a cool, dry place away from direct sunlight.
- Keep brass cases out of reach of children and unauthorized persons.
- Inspect brass cases for any visible damage before use.
- Follow all local laws and regulations regarding the use and storage of ammunition components.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when reloading.

Specific Safety Precautions for Use

- Ensure that your reloading equipment is in good working condition and suitable for use with 6MM PPC brass cases.
- Do not exceed recommended load data when reloading.
- Be aware of the potential for misfires and hangfires; always follow safe practices when handling ammunition.
- If a cartridge does not fire, wait at least 30 seconds before attempting to remove it from the chamber.
- Always point the firearm in a safe direction when loading or unloading.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary reloading equipment and components.
- Ensure your workspace is clean and organized.

2. Inspection:

- Inspect each brass case for defects such as cracks, dents, or corrosion.
- Discard any damaged brass cases.

3. Reloading:

- Follow your reloading manual for proper procedures and load data specific to 6MM PPC brass.
- Use a scale to measure powder accurately.
- Seat bullets to the correct depth as specified in your reloading data.

4. Final Inspection:

- After reloading, inspect each cartridge for proper bullet seating and overall appearance.
- Store reloaded cartridges in a safe and designated location.

Disposal Instructions

- Dispose of any damaged or unusable brass cases in accordance with local regulations.
- Do not dispose of brass cases in regular household waste.

- Consider recycling brass cases at a designated recycling facility.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and use of the 6MM PPC Brass Case, please refer to the appropriate EU contact point for further assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience. Always prioritize safety and adhere to all guidelines provided in this document. Thank you for your attention to these important safety measures.
