

308 WINCHESTER BRASS CASE - 308 WINCHESTER BRASS 50/BOX

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

Norma Brass provides the serious reloader a premium grade, quality cartridge to reload. Norma Brass is bulk packed from the same lot. We try to keep a good supply of brass in inventory, but due to factory production and delivery delays, we may occasionally be out of some cartridges. Norma Brass is made to such exact standards that the cartridges typically include machined case heads, drilled (not punched) flash holes and close tolerance wall thickness.

Safety Instruction Guide for 308 Winchester Brass Case

Introduction

Thank you for choosing the 308 Winchester Brass Case by Norma. This guide provides essential safety instructions to ensure safe handling and usage of the product. Please read this document carefully before using the brass cases.

General Safety Guidelines

- Ensure that you are in compliance with all local laws and regulations regarding ammunition reloading and use.
- Keep all ammunition and reloading components out of reach of children and unauthorized users.
- Store brass cases in a cool, dry place to prevent corrosion and deterioration.
- Regularly inspect brass cases for any signs of damage or wear before use.
- In case of any product recalls, stay informed through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Always wear protective eyewear when reloading ammunition to protect against potential hazards.
- Use appropriate tools and equipment designed for reloading to ensure safety and accuracy.
- Follow manufacturer specifications for reloading data, including powder type and charge weight.
- Do not exceed the recommended load limits for the 308 Winchester cartridge.
- Be aware of the risk of double charging or undercharging your cases, as this can lead to dangerous malfunctions.
- Handle all components with care and avoid any unnecessary force that may cause damage.

Instructions for Installation and Usage

- Before using the brass cases, ensure that they are clean and free from any foreign materials.
- Inspect each brass case for cracks, splits, or other defects.
- If defects are found, do not use the affected brass case.
- To reload:
 1. Place the brass case in the reloading press.
 2. Follow the reloading process as per the reloading manual, ensuring to use the correct components.
 3. After reloading, inspect the completed cartridge for any irregularities.
- Store loaded cartridges in a secure and safe location, away from direct sunlight and moisture.

Disposal Instructions

- Dispose of any damaged or unusable brass cases in accordance with local regulations.
- Do not throw brass cases in regular trash; check for recycling options specific to metal products.
- Ensure that all loaded ammunition is disposed of safely and responsibly.

Contact Information for Further Support

For any questions or concerns regarding the 308 Winchester Brass Case, please refer to the manufacturer's contact information provided with your product packaging.

By following these safety instructions, you can ensure a safe and enjoyable experience while using the 308 Winchester Brass Case. Thank you for your attention to safety and compliance with the EU General Product Safety Regulation.
