[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

## **Offers Owners a Leading Rifle Optic**

The NX8 1-8X24 F1 is a class leading, compact and lightweight riflescope optimized for short to mid-range shooting. At only 8.75" in length and 17 ounces, this riflescope adds minimal size and weight but delivers superior optics and trusted Nightforce performance to any rifle. With the daylight visible center red dot users can engage targets with speed like a red-dot sight, but as targets increase in distance the intelligent first focal plane reticle provides precise hold points. For those preferring to dial for long shots, the ZeroStop elevation adjustment allows for a rapid and positive return to zero. To aid in fast magnification adjustments, a built-in Power Throw Lever (PTL) is included. First Focal Plane Reticle Weighs 17 ounces Built on a 30mm tube 0.2 MRAD or 0.50 MOA adjustments 100 MOA/30 MRAD of total internal adjustment

# NX8 18X24MM FFP Rifle Scope Safety Instruction Guide

## Introduction

Thank you for choosing the NX8 18X24MM FFP Rifle Scope. This guide provides essential safety instructions and information to ensure the safe and effective use of your riflescope. Please read this document carefully before using the product.

## General Safety Guidelines

- Ensure that the rifle scope is used only for its intended purpose.
- Always handle the riflescope with care to avoid damage.
- Keep the riflescope out of reach of children and unauthorized users.
- Regularly check the scope for any signs of wear or damage before use.
- Store the riflescope in a safe and dry place when not in use.
- Always follow local laws and regulations regarding the use of firearms and associated equipment.

## Specific Safety Precautions for Use

- Do not look directly at the sun through the riflescope, as this can cause permanent eye damage.
- Ensure that the riflescope is securely mounted to the firearm before use.
- Use the correct mounting hardware as specified by the manufacturer to prevent accidents.
- Be aware of your surroundings and ensure that you have a clear line of sight before firing.
- Always keep the riflescope pointed in a safe direction when not in use.
- Avoid using the riflescope in extreme weather conditions that may impair visibility or safety.

## Instructions for Installation and Usage

### 1. Installation:

- Select a suitable mounting location on your firearm.
- Use a compatible 30mm ring mount for proper installation.
- Securely attach the riflescope to the mount, ensuring it is level and stable.
- Tighten all screws and bolts according to the manufacturer's specifications to avoid loosening during use.

### 2. Usage:

- Adjust the magnification using the Power Throw Lever (PTL) for quick changes as needed.
- Use the ZeroStop elevation adjustment for precise longrange shooting.
- Familiarize yourself with the FCDMX reticle to understand its hold points for various distances.
- Always check the illumination settings before use, ensuring the battery is functional.

## Disposal Instructions

- Dispose of the riflescope in accordance with local regulations.
- Do not dispose of electronic components in regular waste. Follow proper electronic waste disposal guidelines.
- Remove the battery (CR2032) before disposal, and recycle it according to local battery recycling programs.

## Contact Information for Further Support

For any safety inquiries or further assistance, please contact the manufacturer or your local retailer. Ensure you have your product details ready for a prompt response.

By following these guidelines, you can ensure the safe and effective use of your NX8 18X24MM FFP Rifle Scope. Always prioritize safety and responsible usage. Thank you for your attention.
