

ULTRAMOUNT SCOPE MOUNTS - 30MM 1.540" 20 MOA

ULTRAMOUNT DARK EARTH

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

The Nightforce UltraMount was originally designed and chosen to meet the needs of USSOCOM's S-VPS, R-VPS, and P-VPS riflescope programs. The UltraMount's engineered combination of aluminum, steel, and titanium balances weight, strength, and stiffness to ensure a reliable and repeatable mounting solution for both bolt guns and gas guns. The UltraMount is available in many commercial configurations*: Dark Earth or Black anodizing, 1.54in or 1.93in height, and 0MOA or 20MOA bias options. Weights: 1.54in Height: 5.9oz 1.93in Height: 6.1oz

ULTRAMOUNT SCOPE MOUNTS 30MM 1.540" 20 MOA Safety Instruction Guide

Introduction

Thank you for choosing the Nightforce UltraMount Scope Mounts. This guide provides essential safety instructions and guidelines to ensure the safe use of this product. Please read this document carefully before installation and usage.

General Safety Guidelines

- Ensure the product is used only for its intended purpose as a scope mount for rifles.
- Always follow the manufacturer's instructions for installation and usage.
- Regularly inspect the scope mount for signs of wear or damage.
- Keep the product out of reach of children and vulnerable individuals.
- Be aware of your surroundings when using firearms equipped with this mount.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- The UltraMount is designed for use with 30mm scope tubes. Ensure compatibility before installation.
- Do not exceed the recommended weight limit for the mount to avoid failure.
- Use appropriate tools when installing the mount to prevent damage.
- Avoid using the mount in extreme conditions that may affect its performance (e.g., excessive heat or cold).
- Ensure that all screws and fittings are securely tightened before use.
- Do not modify the mount in any way, as this may compromise its safety and functionality.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Ensure the mounting surface is clean and free from debris.

2. Installation Steps

- Align the UltraMount with the Picatinny rail on your firearm.
- Use the provided screws to secure the mount to the rail. Ensure that the screws are inserted into the correct holes for your desired height (1.54in or 1.93in).
- Tighten the screws to the manufacturer's recommended torque settings. This ensures a secure fit without overtightening, which can damage the mount.

3. Scope Attachment

- Attach your scope to the UltraMount, ensuring that it is properly aligned and secured.
- Check the scope's level and make any necessary adjustments.

4. PostInstallation Check

- After installation, doublecheck all screws and fittings to ensure they are secure.
- Test the mount by gently applying pressure to ensure it holds firm.

5. Usage Guidelines

- Always handle your firearm responsibly and in accordance with local laws.
- Regularly inspect the mount and scope for any signs of wear or damage during use.

Disposal Instructions

- Dispose of the UltraMount in accordance with local regulations.
- Do not dispose of the product in general waste if it contains any hazardous materials.
- Consider recycling components where possible.

Contact Information for Further Support

For any safety inquiries or additional support, please refer to the manufacturer's contact details provided with your product packaging.

Thank you for your attention to these safety instructions. Your safety and the safe operation of your equipment are of utmost importance.
