

RMR CUT SLIDES FOR SIG P320 COMPACT - BROWNELLS RMR CUT SLIDE FOR SIG P320 COMPACT W/WINDOW

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

Optic-Ready, Ergonomically Enhanced Slide With a Bundle of Custom Features
Our RMR Slide for Sig P320 Compact pistols features distinctive, wraparound front cocking serrations that aid in manipulating the slide to check the chamber or clear a jam. (OK, we'll admit it: the serrations just look cool, too.) It also comes with a pre-cut slot for easy, secure mounting of a Trijicon RMR or Holosun red dot sight. All RMR Slides also have standard Sig Sauer P320 factory front and rear sight dovetails for "iron" backup sights. To get proper co-witnessing with the RMR, you will need to also install suppressor-height iron sights. You can also get your Brownells RMR Slide for Sig P320 Compact with a "window" cutout on top that enhances airflow to keep the barrel cool - ideal for hard-working action competition pistols. Plus, if you have an upgraded barrel with a contrasting finish or a unique exterior pattern (fluting, spirals, "flames," etc.) the window lets you show it off a bit! Each RMR Slide for Sig P320 Compact starts life as a billet of 17-4 stainless steel that is machined to Sig Sauer factory specifications inside, so it'll fit factory frames and accept factory or aftermarket barrels and factory internal parts. Slides are heat-treated to Rc 41-44 on the Rockwell C scale for added surface hardness and wear resistance. Machined from corrosion-resistant 17-4 stainless steel billet Trijicon RMR mounting slot Also accepts Holosun HE508T, HS507C & HS407C red dot sights Plus factory front/rear sight cuts Available with distinctive top Window cutout or traditional Solid top

RMR CUT SLIDES FOR SIG P320 COMPACT SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the RMR Cut Slide for your Sig P320 Compact. This product is designed to enhance your shooting experience while ensuring safety during use. Please read this guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Ensure that the RMR Cut Slide is compatible with your specific Sig P320 Compact model.
- Always handle firearms with care and follow standard firearm safety rules.
- Inspect the RMR Cut Slide for any visible damage or defects before installation.
- Use only compatible accessories and parts as recommended by the manufacturer.
- Keep the product out of reach of children and unauthorized users.
- Report any unsafe products or incidents to the appropriate authorities immediately.
- Regularly check for recall updates on the EU's Safety Gate platform to ensure your product is safe.

Specific Safety Precautions for Use

- Wear appropriate eye and ear protection when using the firearm equipped with the RMR Cut Slide.
- Ensure that the firearm is unloaded before performing any modifications or installations.
- Avoid using the firearm in adverse weather conditions that may affect performance (e.g., heavy rain, snow).
- Do not modify the RMR Cut Slide or any other components outside of manufacturer specifications.
- Always ensure that the red dot sight is securely mounted before use.
- Be aware of your surroundings and ensure that your shooting area is safe and secure.

Instructions for Installation and Usage

Installation Instructions

1. Preparation

- Ensure the firearm is completely unloaded before starting.
- Gather all necessary tools and components for installation.

2. Removing the Old Slide

- Follow the manufacturer's instructions to safely remove the existing slide from your Sig P320 Compact.

3. Installing the RMR Cut Slide

- Align the RMR Cut Slide with the frame of the firearm.
- Securely attach the slide according to the manufacturer's specifications.
- Ensure that all screws and components are tightened to the recommended torque settings.

4. Mounting the Optic

- If using a Trijicon RMR or Holosun red dot sight, carefully follow the manufacturer's instructions for mounting.
- Ensure that the mounting slot is clean and free of debris before installation.

5. Final Checks

- Check that the slide operates smoothly and that there are no obstructions.
- Perform a function check to ensure the firearm operates correctly before use.

Usage Instructions

- Always follow standard firearm safety practices.
- Regularly inspect the RMR Cut Slide and red dot sight for any signs of wear or damage.
- Clean the slide and sight as per the manufacturer's recommendations to maintain optimal performance.

Disposal Instructions

- Dispose of the RMR Cut Slide and any associated parts in accordance with local regulations.
- Do not dispose of the product in regular household waste. Instead, consult local authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the RMR Cut Slide for Sig P320 Compact, please refer to the manufacturer's support resources or contact a qualified professional.

Thank you for prioritizing safety and for your commitment to responsible firearm ownership. Enjoy your enhanced shooting experience with the RMR Cut Slide!
