[Rifle Parts](#) > [Barrel Parts](#) > [Rifle Barrels](#)

Faxon Firearms is proud to partner with Q on the development of barrels for their revolutionary new round, 8.6 Blackout (8.6 BLK). With barrels employing an impressive 1:3 twist rate, 8.6 BLK channels rotational energy to increase energy on-target. As with all Faxon Barrels, these 8.6 BLK barrels are machined from raw bar stock in their greater Cincinnati Facility. Faxon 8.6 BLK barrels are fully stress-relieved, air-gauge tested, Magnetic Particle Inspected, and 11-degree target crowned to ensure superior accuracy. Constructed of 416-R Stainless Steel, each barrel goes through a battery of tests at each operation until finished in Nitride and final inspected. All Faxon Barrels are individually checked for headspace by precision custom hardened gauges and are backed by the Faxon Lifetime Guarantee. Faxon RemAge© Style Barrels for 8.6 BLK ship with a Thread Protector, Taper Adapter, and Faxon RemAge© Style Barrel Nut. Faxon's barrel nut uses a standard AR Armorer's Castlenut Wrench profile. Consumer Note: At the time of release, 8.6 BLK is not SAAMI certified. Please use appropriate caution while firing and when using reloaded ammunition.

# **Safety Instruction Guide for MODIFIED LIGHT PALMA PROFILE 8.6 BLACKOUT REMAGE STYLE BARREL**

## **Introduction**

Thank you for choosing the MODIFIED LIGHT PALMA PROFILE 8.6 BLACKOUT REMAGE STYLE BARREL from Faxon Firearms. This guide provides essential safety instructions and information to ensure the safe and effective use of your new barrel. Please read this guide carefully before using the product.

## **General Safety Guidelines**

- Always treat the barrel as if it is loaded and ready to fire.
- Keep the barrel pointed in a safe direction at all times.
- Store the barrel in a secure location, away from children and unauthorized users.
- Use only compatible firearms and ammunition as specified by the manufacturer.
- Be aware of your surroundings and ensure that the area is clear of people and obstacles before firing.
- Always wear appropriate safety gear, including eye and ear protection, when using firearms.
- Regularly inspect the barrel for any signs of wear or damage before use.
- Follow all local laws and regulations regarding firearm usage and ownership.

## **Specific Safety Precautions for Use**

- Ensure that the barrel is properly installed on the firearm before use.
- Check that the barrel is free from obstructions before firing.
- Use only factory manufactured or properly reloaded ammunition that meets the specifications for 8.6 Blackout.
- Do not exceed the recommended load limits for the barrel.
- Avoid using the barrel in conditions that may cause overheating or excessive wear.
- If you experience any malfunctions or unusual behavior while using the barrel, cease use immediately and consult a qualified gunsmith.

## **Instructions for Installation and Usage**

### **1. Installation**

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Remove the existing barrel from the firearm according to the manufacturer's instructions.
- Install the MODIFIED LIGHT PALMA PROFILE 8.6 BLACKOUT barrel by following these steps:
  - Align the barrel with the receiver.
  - Secure the barrel nut using the Faxon RemAge Style Barrel Nut and a standard AR Armorer's Castlenut Wrench.
  - Ensure that the barrel is tightly secured and properly aligned.
- Attach the Thread Protector and Taper Adapter as needed.

### **2. Usage**

- Load the firearm with compatible ammunition.
- Ensure that the safety is engaged until you are ready to fire.
- Aim at your target and disengage the safety.
- Squeeze the trigger gently to fire.
- After firing, check the barrel for any signs of damage or obstructions before the next shot.

- Clean the barrel regularly to maintain performance and safety.

## Disposal Instructions

- When disposing of the barrel, comply with local laws and regulations regarding the disposal of firearms and firearm components.
- If the barrel is no longer usable or has reached the end of its life, consider recycling materials where possible.
- Ensure that all components are rendered inoperable before disposal to prevent misuse.

## Contact Information for Further Support

For any safety inquiries or further assistance regarding the MODIFIED LIGHT PALMA PROFILE 8.6 BLACKOUT REMAGE STYLE BARREL, please refer to the manufacturer's official website or contact their customer support for detailed guidance.

By following these safety instructions, you can ensure a safe and enjoyable experience with your new barrel. Thank you for your attention to these important guidelines.
