

# FAST MICRO-S MOUNT SYSTEM - UNITY TACTICAL FAST MICRO-S MOUNT FOR AIMPOINT COMP5 MINI RED DOT BLACK

[Optics & Mounting](#) > [Electronic Sights](#) > [Mounting Hardware](#)

FAST is a series of optics mounts and platforms that provide end users with a quicker sight picture than standard height mounts. The FAST Micro Mount creates a 2.26" optical center line from the rail and provides faster/easier dot/reticle acquisition while wearing night vision goggles, gas masks, plate carriers, and other gear. FAST mounts allow for more rapid visual processing of the battlefield by promoting a heads-up posture. The FAST Micro-S Mount is specifically designed for the Aimpoint CompM5s, CompM5b, and Duty RDS mini red dot sights. It puts these taller "micro" sights at the established FAST height and is fully compatible with the entire line of FAST Magnifier Mounts. The FAST Micro-S Mount can also be fitted with a Quick Detach Lever (sold separately). Interface: Aimpoint CompM5s, CompM5b, Duty RDS Height" 2.26" to optical center line 7075 T6 Aluminum Type III Hardcoat Anodized Weighs 2.3 oz

# FAST MicroS Mount System Safety Instructions

## Introduction

Thank you for choosing the FAST MicroS Mount System by Unity Tactical. This product is designed to enhance your shooting experience by providing a stable and efficient mounting option for your Aimpoint CompM5s, CompM5b, and Duty RDS mini red dot sights. Please read this safety instruction guide carefully to ensure safe and effective use.

## General Safety Guidelines

- Always handle the mount and attached optics with care to prevent damage.
- Ensure that the mount is securely attached to the firearm before use.
- Regularly check the mount for any signs of wear or damage.
- Do not modify the mount or use it in a manner not intended by the manufacturer.
- Keep the mount and optical devices out of reach of children and vulnerable individuals.
- Be aware of your surroundings and ensure a safe shooting environment when using the mount.

## Specific Safety Precautions for Use

- Always wear appropriate eye protection when using firearms equipped with the FAST MicroS Mount.
- Ensure that the firearm is unloaded when installing or adjusting the mount.
- Avoid using the mount in extreme weather conditions that could affect performance.
- Do not exceed the manufacturer's recommended weight limit for accessories mounted on the FAST MicroS Mount.
- If you experience any issues with the mount, cease use immediately and seek assistance.

## Instructions for Installation and Usage

### Installation

1. Ensure that the firearm is unloaded and pointed in a safe direction.
2. Identify the rail location on your firearm where you wish to mount the FAST MicroS Mount.
3. Align the mount with the rail and slide it into position.
4. Secure the mount using the provided screws or Quick Detach Lever (sold separately).
5. Confirm that the mount is tightly secured and does not move.

### Usage

- Once installed, attach your Aimpoint CompM5s, CompM5b, or Duty RDS mini red dot sight according to the manufacturer's instructions.
- Adjust the optical sight for optimal viewing and comfort.
- Always check the zeroing of your sight after installation and before use.
- Practice handling and operating your firearm with the mounted sight in a safe environment before engaging in live shooting.

## Disposal Instructions

- Dispose of the FAST MicroS Mount responsibly.
- Follow local regulations regarding the disposal of metal and electronic components.
- Do not dispose of the mount in household waste. Instead, consider recycling options available in your area.

## **Contact Information for Further Support**

For any inquiries regarding safety, installation, or product issues, please contact the manufacturer directly through the provided contact methods on their website or product packaging.

Thank you for your attention to these safety instructions. Your safety and the safety of those around you is our priority. Enjoy your experience with the FAST MicroS Mount System!
