

GEN 3 SLIDE W/ WINDOW FOR GLOCK® W/ FIXED SIGHT SET - BROWNELLS GEN 3 WINDOW SLIDE FOR GLOCK 17 W/ FIXED GREEN SIGHT SET

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

Brownells has taken the Guess work out of upgrading your Glock 19® or Glock 17®! We've paired our own versions of the slides with the Meprolight Sight Set. This set is a green front and green rear iron sight set! Our Iron Sight Slide for Glock 17® or Glock 19® Gen3 enables you to build a custom Glock®-style pistol - or rebuild an old one - with a slide that sports distinctive customized cocking serrations. The unique front serrations aid in manipulating the slide under stress, especially for quick chamber checks AND for clearing the occasional jam. Both the front and rear serrations are cut to the same depth as the Glock® factory slide serrations to ensure no loss in overall slide rigidity. The top edges and the front around the muzzle area are chamfered to reduce the risk of snagging on clothing and to make holstering the pistol easier. Like all Brownells slides, the Iron Sight model for Gen3 Glock® 17 or Glock 19® is precision machined from solid 17-4 stainless steel billet to factory specifications inside so it is compatible with any factory or aftermarket Gen3 internal components. Outside, there's a Glock® factory rear sight dovetail and front sight tenon cut ready for any factory or aftermarket sights you choose. This is the perfect companion "top-half" for a custom pistol built on a Polymer80 80% frame. Accepts Gen3 Glock® 17 or 19 internal parts Sturdy machined 17-4 stainless steel Tough matte Black Nitride finish Factory cuts for iron sights Channel liner not included; please order separately (see note below) Window model available You can get your Brownells Iron Sight Slide for Gen3 Glock® 17 or 19 with a solid top and distinctive wraparound front cocking serrations - swipe your paw along the front of the slide and you can't avoid racking it. The Iron Sight slide is also available with a window cutout on top between the front side serrations. The window aids in heat dissipation to keep the barrel cool during extended fire, AND if you have an upgraded barrel with a contrasting finish or a unique exterior pattern (fluting, spirals, "flames," etc.) it'll help your gun stand out from the matte black sameness on the firing line! Brownells Gun Tech™ Note: Channel liner required for these slides. Channel liner is a press fit and requires a tool to install. We recommend #777-100-017.

Safety Instruction Guide for GEN 3 SLIDE W/ WINDOW FOR GLOCK® W/ FIXED SIGHT SET

Introduction

Thank you for choosing the GEN 3 Slide with Window for Glock® with Fixed Sight Set. This product is designed to enhance your shooting experience while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use, install, and dispose of the product properly.

General Safety Guidelines

To ensure safe use of the GEN 3 Slide, please adhere to the following guidelines:

- Always handle firearms with care and treat every firearm as if it is loaded.
- Ensure the firearm is pointed in a safe direction at all times.
- Keep your finger off the trigger until you are ready to shoot.
- Store the slide and firearm in a secure location away from children and unauthorized users.
- Regularly inspect your slide and firearm for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm ownership and usage.

Specific Safety Precautions for Use

When using the GEN 3 Slide, please observe the following safety precautions:

- Ensure the slide is compatible with your Glock® model (Glock 17 or 19 Gen3).
- Use only Gen3 Glock® internal parts for installation to maintain safety and functionality.
- Avoid using the slide with any faulty or damaged components.
- Always wear appropriate eye protection while shooting.
- Be aware of your surroundings and ensure that the area is clear of people and obstacles before firing.
- If you experience any malfunctions or jams, follow proper clearing procedures and do not attempt to force the slide.

Instructions for Installation and Usage

To ensure proper installation and usage of the GEN 3 Slide, please follow these instructions:

1. Installation:

- Ensure that the firearm is unloaded and safe to handle.
- Remove the existing slide from your Glock® by following the manufacturer's instructions.
- Align the new GEN 3 Slide with the frame of your Glock®.
- Carefully install the slide by sliding it onto the frame.
- Ensure that the slide is fully seated and operates smoothly.
- Install the channel liner as required (channel liner not included; please order separately).
- Verify that the rear sight dovetail and front sight tenon cuts are properly aligned for sight installation.

2. Usage:

- Load your firearm according to the manufacturer's guidelines.
- Ensure that the safety features of your firearm are engaged when not in use.
- When ready to fire, disengage the safety and aim responsibly.
- After use, ensure the firearm is cleared and stored safely.

Disposal Instructions

When it comes time to dispose of the GEN 3 Slide, please follow these guidelines:

- Dispose of the slide in accordance with local regulations regarding firearm components.
- Do not dispose of the slide in regular household waste.
- Contact local waste management services for proper disposal methods for metal components.

Contact Information for Further Support

For any inquiries regarding safety or support related to the GEN 3 Slide, please refer to the manufacturer's contact information provided on the packaging or the official website.

Conclusion

Your safety is paramount. By following the guidelines and instructions outlined in this document, you can enjoy the benefits of your GEN 3 Slide while ensuring a safe shooting experience. Always stay informed about product recalls and safety updates through the EU's Safety Gate platform. Thank you for your attention to safety.
