

GEN 3 SLIDE W/ WINDOW FOR GLOCK® W/ FIXED SIGHT SET - BROWNELLS GEN 3 WINDOW SLIDE FOR GLOCK 19 W/ FIXED GREEN SIGHT SET

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

Brownells has taken the Guess work out of upgrading your Glock 19® or Glock 17®! We've paired our own versions of the slides with the Meprolight Sight Set. This set is a green front and green rear iron sight set! Our Iron Sight Slide for Glock 17® or Glock 19® Gen3 enables you to build a custom Glock®-style pistol - or rebuild an old one - with a slide that sports distinctive customized cocking serrations. The unique front serrations aid in manipulating the slide under stress, especially for quick chamber checks AND for clearing the occasional jam. Both the front and rear serrations are cut to the same depth as the Glock® factory slide serrations to ensure no loss in overall slide rigidity. The top edges and the front around the muzzle area are chamfered to reduce the risk of snagging on clothing and to make holstering the pistol easier. Like all Brownells slides, the Iron Sight model for Gen3 Glock® 17 or Glock 19® is precision machined from solid 17-4 stainless steel billet to factory specifications inside so it is compatible with any factory or aftermarket Gen3 internal components. Outside, there's a Glock® factory rear sight dovetail and front sight tenon cut ready for any factory or aftermarket sights you choose. This is the perfect companion "top-half" for a custom pistol built on a Polymer80 80% frame. Accepts Gen3 Glock® 17 or 19 internal parts Sturdy machined 17-4 stainless steel Tough matte Black Nitride finish Factory cuts for iron sights Channel liner not included; please order separately (see note below) Window model available You can get your Brownells Iron Sight Slide for Gen3 Glock® 17 or 19 with a solid top and distinctive wraparound front cocking serrations - swipe your paw along the front of the slide and you can't avoid racking it. The Iron Sight slide is also available with a window cutout on top between the front side serrations. The window aids in heat dissipation to keep the barrel cool during extended fire, AND if you have an upgraded barrel with a contrasting finish or a unique exterior pattern (fluting, spirals, "flames," etc.) it'll help your gun stand out from the matte black sameness on the firing line! Brownells Gun Tech™ Note: Channel liner required for these slides. Channel liner is a press fit and requires a tool to install. We recommend #777-100-017.

Safety Instruction Guide for GEN 3 SLIDE W/ WINDOW FOR GLOCK® W/ FIXED SIGHT SET

Introduction

Thank you for choosing the GEN 3 Slide with Window for Glock® with Fixed Sight Set. This guide provides essential safety instructions and guidelines for the safe use, installation, and disposal of this product. Please read this document carefully to ensure proper handling and to maximize your safety while using this product.

General Safety Guidelines

- Always ensure that the firearm is unloaded before installing or modifying any parts.
- Keep the product and all firearm components out of reach of children and unauthorized users.
- Use the product only as intended and in accordance with the manufacturer's instructions.
- Regularly inspect the slide and associated components for signs of wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about recalls or safety notices related to this product by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- When handling the slide, wear appropriate safety gear, including eye protection.
- Ensure that the firearm is pointed in a safe direction at all times while working on it.
- Avoid using the slide with any incompatible or damaged internal components.
- Be cautious when performing any modifications to ensure that they do not compromise the safety or functionality of the firearm.
- If you experience any malfunctions or issues during use, cease operation immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation:

- Ensure you have the necessary tools, including a channel liner tool (recommended #777100017).
- Gather all required components for assembly.

2. Installation Steps:

- Make sure your Glock® 17 or 19 is unloaded and safe.
- Remove the factory slide from the frame.
- Install the channel liner into the new slide according to the tool's instructions.
- Align the rear sight dovetail and front sight tenon with your chosen sights and secure them in place.
- Carefully slide the new GEN 3 Slide onto the frame, ensuring that it fits snugly and properly.
- Test the slide functionality by racking it and ensuring smooth operation.

3. Usage Guidelines:

- After installation, perform a function check to ensure that the firearm operates correctly.
- Regularly clean and maintain the slide and firearm to prevent malfunctions.
- Only use compatible ammunition (9 mm Luger) to ensure safe operation.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding firearm components.
- Do not dispose of any firearm parts in regular household waste.
- If the product is damaged or no longer usable, consult with local authorities or a licensed dealer for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the GEN 3 Slide with Window for Glock® with Fixed Sight Set, please consult your local dealer or manufacturer's representative for assistance.
