

GEN 4 SLIDES FOR GLOCK® W/ FIXED SIGHTS - BROWNELLS GEN 4 SLIDE FOR GLOCK 19 W/ FIXED GREEN SIGHT SET

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

Brownells has taken the Guess work out of upgrading your Glock 19® or Glock 17®! We've paired our own versions of the slides with the Meprolight Sight Set. This set is a green front and green rear iron sight set! What if you need to rack your pistol's slide when your hands are wet or you've lost fine motor control due to an adrenaline dump? The Brownells Iron Sight Slide for Glock® 17 or Glock® 19 Gen4 is designed to solves these problems. And if (when?) you have to clear a jam, this slide helps you do it FAST. Glock® pistols are famous for their reliability, but they are still machines, and machines CAN malfunction at inopportune times. Our slide has both standard rear cocking serrations and front serrations that wrap entirely AROUND the top, providing a huge grasping area that lets you grab the slide and yank it rearward in a flash. It also lets you do quick chamber checks or rack it from an unorthodox position. The striking exterior of our Iron Sight Slide for Glock® 17 or 19 Gen4 may look very different from a factory slide, but the internal dimensions are the same. ALL Gen4 Glock® 17 or 19 factory and aftermarket parts fit our slide. This gives you a vast array of customizing options to build a pistol for duty, competition, or self-defense. Accepts Gen4 Glock® 17 or 19 internal parts
Machined 17-4 stainless steel
Hard matte Black Nitride finish
Wraparound front cocking serrations
Factory cuts for iron sights
Channel liner not included; please order separately (see note below)
The Iron Sight Slide for Gen4 Glock® 17 or 19 is precision machined from solid 17-4 stainless steel billet for exceptional strength. There's a Glock® factory rear sight dovetail and front sight tenon cut ready for any factory or aftermarket "iron" sights" (in reality, plastic or steel) you choose. A tough, non-reflective Black Nitride finish boosts the slide's resistance to surface wear and protects it from corrosion. Brownells Gun Tech™ Note: Channel liner required for these slides. Channel liner is a press fit and requires a tool to install. We recommend #777-100-017.

Safety Instruction Guide for GEN 4 SLIDES FOR GLOCK® W/ FIXED SIGHTS

Introduction

Thank you for purchasing the GEN 4 SLIDES FOR GLOCK® W/ FIXED SIGHTS. This guide provides essential safety instructions to ensure the safe use and handling of your product. Please read this manual thoroughly before installation and usage.

General Safety Guidelines

- Ensure that the slide is compatible with your specific Glock model (Glock 17 or Glock 19 Gen4).
- Always handle firearms safely and responsibly.
- Keep the firearm unloaded when installing or adjusting parts.
- Store the slide and firearm in a secure location, away from children and unauthorized users.
- Regularly inspect the slide and firearm for wear and damage.
- If you encounter any issues or concerns, cease use immediately and consult a qualified gunsmith.

Specific Safety Precautions for Use

- Use only factory or compatible aftermarket "iron" sights designed for Glock® 17 or 19.
- Avoid using the slide in wet or slippery conditions without proper grip.
- Be cautious of the potential for malfunctions; practice clearing jams safely.
- Always ensure the firearm is pointed in a safe direction when handling and operating.
- Familiarize yourself with the operation of the slide and firearm before use.

Instructions for Installation and Usage

1. Installation of the Slide:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing slide from the Glock® frame.
- Align the GEN 4 slide with the frame and gently press it into place until it is fully seated.
- Ensure that all parts are functioning correctly before proceeding to use.

2. Sight Installation:

- Install the Meprolight Sight Set according to the manufacturer's instructions.
- Ensure that the sights are securely attached and properly aligned.

3. Using the Slide:

- When racking the slide, use both hands if necessary, especially in adverse conditions.
- Practice quick chamber checks and clearing jams in a safe environment.
- Avoid placing fingers in front of the muzzle when operating the slide.

Disposal Instructions

- Dispose of the slide and any associated components in accordance with local regulations for hazardous materials.
- Do not dispose of in regular household waste.
- Contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding safety, installation, or usage of the GEN 4 SLIDES FOR GLOCK® W/ FIXED SIGHTS, please consult a qualified gunsmith or contact the manufacturer directly.

Please remember that safety is your responsibility. Follow these guidelines to ensure safe and effective usage of your product.
