

# 308 AR M5 LOWER RECEIVER - AERO PRECISION M5 STRIPPED LOWER RECEIVER FOR AR .308 KODIAK BROWN

[Rifle Parts](#) > [Receiver Parts](#) > [Receivers](#) > [Lower Receivers](#)

The Aero Precision M5 308 Lower Receiver allows you to build a custom big-bore AR from the ground up. Mil-spec dimensions and coating ensure the highest quality and correct component interface. Receiver fits DPMS pattern components, including magazines and upper receivers. Machined from 7075-T6 aluminum, and finished with a matte black hard-coat anodized Mil 8625 Type 3 Class 2 finish. Rear takedown pin detent hole threaded 4-40 to allow for a set screw to retain the takedown pin. Bolt catch is threaded for a screw pin, so that no roll pin is needed. Integrated trigger guard and selector markings that function with 45, 60 or 90 degree safety selectors. Accepts Battle Arms Development short throw safety selectors (100-009-866), but also functions with standard safeties.

# Safety Instruction Guide for the Aero Precision M5 .308 Lower Receiver

## Introduction

Thank you for choosing the Aero Precision M5 .308 Lower Receiver. This product is designed to help you build a custom bigbore AR from the ground up. To ensure your safety and the proper functioning of the receiver, please carefully read and follow these safety instructions.

## General Safety Guidelines

- Always treat the firearm as if it is loaded.
- Store the lower receiver in a secure location, out of reach of children and unauthorized users.
- Inspect the lower receiver for any damage before use.
- Use only compatible components designed for the DPMS pattern.
- Follow all local laws and regulations regarding firearm assembly and ownership.
- If you are inexperienced in firearm assembly, seek guidance from a qualified gunsmith or experienced individual.

## Specific Safety Precautions for Use

- Ensure that the takedown pin is properly secured to avoid accidental disassembly during use.
- Use the integrated trigger guard to prevent accidental discharge.
- Be cautious when handling the lower receiver, as sharp edges may be present.
- When using safety selectors, ensure they are compatible with the receiver to avoid malfunction.
- Always wear appropriate eye and ear protection when operating firearms.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and components required for assembly.
- Ensure your workspace is clean and welllit.

### 2. Installation Steps:

- Carefully read the manufacturer's instructions for each component you plan to install.
- Begin by attaching the buffer tube assembly to the lower receiver according to the manufacturer's guidelines.
- Install the trigger assembly, ensuring all parts are correctly aligned and secured.
- Attach the safety selector, using the provided markings to ensure proper orientation.
- Install the magazine catch and bolt catch, ensuring they are secure.
- Finally, attach the stock and any additional components as per the manufacturer's instructions.

### 3. Usage:

- Before using the firearm, conduct a function check to ensure all components are operating correctly.
- Always follow proper firearm handling and shooting practices.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the lower receiver becomes damaged beyond repair, check local laws for proper disposal methods for firearm components.

## Contact Information for Further Support

For any safety inquiries or concerns regarding the Aero Precision M5 .308 Lower Receiver, please consult the manufacturer's guidelines or contact the appropriate regulatory authority in your region.

Remember, safety is paramount when handling firearms. Always prioritize responsible usage and adhere to all safety guidelines. Thank you for your attention and commitment to safety.
