

M5E1 6.5 CREEDMORE ASSEMBLED UPPER RECEIVER W/GEN 2 HANDGUARD - AERO PRECISION M5E1 6.5 CM ASSEMBLED UPPER FLUTED 22" RIFLE THREADED BLACK

[Rifle Parts](#) > [Receiver Parts](#) > [Receivers](#) > [Upper Receivers](#)

Feature-Laden Upper for a "Boringly Accurate" Target Rifle

Aero Precision's M5E1 6.5 Creedmoor Upper Receiver is ready to be the foundation of a lightweight, tack-driving target rifle. Chambered for the inherently accurate 6.5mm Creedmoor cartridge that's taking the long-range target shooting community by storm, the M5E1 fits DPMS GEN 1 LR-308 lower receivers and clones and accepts the DPMS-compatible bolt/carrier group and charging handle of your choice. The BCG and charger are omitted because...many target shooters prefer to select them separately. (No need to pay for parts you're going to replace, right?) Each M5E1 6.5 Creedmoor Upper Receiver comes with a high-quality 416R stainless steel target barrel with a 1-8" twist to stabilize a variety of popular target bullets. An extra-length gas system slows gas velocity for gentler, more reliable cycling and reduced wear on the gas block, BCG, and receiver. Available in a compact 18" length with a MID-LENGTH gas system; or choose a 20" or 22" lengths for extra bullet velocity and RIFLE-LENGTH gas system. Forged 7075 T6 aluminum receiver, hardcoat anodized matte black Fits DPMS Gen I LR-308 lower receivers & clones Ejection port cover & forward assist installed Matte bead-blasted finish on barrel (not fluted) A2-style flash suppressor Handguard: 1.78" inside diameter clears most muzzle devices and 1.5" suppressors .2795" dia. pivot/takedown pin holes Charging handle & bolt/carrier group NOT included The M5E1 6.5 Creedmoor Upper Receiver is fitted with Aero Precision's Gen 2 Enhanced M-LOK Handguard with an uninterrupted, gap-free, full-length Picatinny top rail runs from the rear of the receiver across the entire length of the handguard. There are plenty of M-LOK accessory attachment slots and QD sling swivel sockets at the 3/6/9 o'clock positions. Texture milled into the flats gives you a secure hold and adds to your gun's unique appearance. The result: a laser-accurate target rifle with a rock-solid accessory mounting platform.

Attributes

M5E1 6.5 Creedmoor Assembled Upper Receiver

Safety Instruction Guide

Introduction

Thank you for choosing the M5E1 6.5 Creedmoor Assembled Upper Receiver. This guide provides essential safety instructions and guidelines to ensure the safe use of this product. Please read this document carefully before installation and usage.

General Safety Guidelines

- Ensure that the upper receiver is compatible with your lower receiver model before installation.
- Always handle firearms with care and follow basic firearm safety rules.
- Keep the upper receiver and all firearm components out of reach of children and unauthorized users.
- Inspect the upper receiver for any visible damage or defects before use.
- Use only factory-manufactured ammunition that is appropriate for the 6.5 Creedmoor caliber.
- Store the upper receiver in a secure location when not in use.
- Regularly check for recalls or safety notices related to your product on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when shooting.
- Ensure the firearm is pointed in a safe direction at all times.
- Keep your finger off the trigger until ready to shoot.
- Be aware of your surroundings and ensure a clear line of sight before firing.
- Do not modify or alter the upper receiver in any way that could affect its safety or performance.
- Follow all local laws and regulations regarding firearm ownership and usage.
- If you experience any malfunctions or irregularities while using the upper receiver, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

Installation

1. Ensure that the lower receiver is clean and free of debris.
2. Align the M5E1 6.5 Creedmoor Upper Receiver with the lower receiver.
3. Securely attach the upper receiver to the lower receiver using the pivot and takedown pins.
4. Confirm that the ejection port cover and forward assist are properly installed and functional.
5. Verify that the charging handle can be operated smoothly.

Usage

- Before loading, ensure the firearm is pointed in a safe direction.
- Load only 6.5 Creedmoor ammunition into the magazine.
- Insert the loaded magazine into the lower receiver until it clicks into place.
- Pull the charging handle to chamber a round, ensuring the firearm is ready to fire.
- After firing, follow proper unloading procedures to ensure the firearm is clear of ammunition.

Disposal Instructions

- Dispose of the upper receiver and any associated components in accordance with local regulations.
- Do not dispose of any firearm components in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding the M5E1 6.5 Creedmoor Upper Receiver, please consult the manufacturer's website or customer service.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your M5E1 6.5 Creedmoor Assembled Upper Receiver. Thank you for prioritizing safety.
