

# MOUNT FOR AIMPOINT ACRO P-1 AND P-2 OPTIC - ARISAKA DEFENSE MOUNT FOR AIMPOINT ACRO P-1 AND P-2 OPTIC, 1.93" HEIGHT, TAN

[Optics & Mounting](#) > [Electronic Sights](#) > [Mounting Hardware](#)

The Patent Pending Arisaka Aimpoint Acro Mount is designed for the Aimpoint Acro P-1 and P-2 optics. The low profile, minimalist design and 7075-T651 aluminum construction with MIL-A-8625 Type III hard coat anodizing ensures strength and durability. The Arisaka Aimpoint Acro Mount is available in 1.70" and 1.93" heights, and with black or clear (tan) hard coat anodizing. Why does Arisaka offer 1.70"? Many people find this height provides the perfect balance between heads up orientation and enough cheekweld to be consistent, which is evident in the rising popularity of 1.70" scope mounts. Weight: 1.70" - 3.0 oz 1.93" - 3.1 oz Each mount is CNC machined from 7075-T651 aluminum and MIL-A-8625 Type III hard coat black or clear anodized (clear hard coat with 7075 provides the tan color). Anodizing colors may slightly vary from part to part and batch to batch, and is completely normal. Includes all necessary screws and tools to attach optic to mount. Recommended torque values: Picatinny clamp - 50 inch lbs (5.7 Nm) Optic to mount - 27 inch lbs (3.0 Nm) Hardware: One 10-32x1.25" torx socket cap screw. Made in the USA.

# Safety Instruction Guide for Arisaka Aimpoint Acro Mount

## Introduction

Thank you for choosing the Arisaka Aimpoint Acro Mount. This guide provides essential safety instructions and information to ensure the safe and effective use of your mount. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Ensure the mount is compatible with your Aimpoint Acro P1 or P2 optic before installation.
- Always inspect the mount for any damage or defects before use.
- Use the mount only for its intended purpose as described in the product specifications.
- Keep the mount and its components out of reach of children.
- Report any unsafe conditions or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- **Weight Limit:** Ensure that the total weight of the optic does not exceed the mount's specifications.
- **Torque Values:**
  - Picatinny clamp: 50 inch lbs (5.7 Nm)
  - Optic to mount: 27 inch lbs (3.0 Nm)
- **Installation Environment:** Install the mount in a clean, dry environment to prevent contamination and ensure proper fit.
- **Anodizing Variations:** Be aware that anodizing colors may vary slightly from part to part and batch to batch; this is normal and does not affect the mount's performance.
- **Use of Tools:** Use only the recommended tools for installation to avoid damaging the mount or optic.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a torque wrench and the provided screws.
- Ensure that the installation area is clean and free of debris.

### 2. Installation Steps:

- Align the mount with the Picatinny rail on your firearm.
- Insert the 1032x1.25" torx socket cap screw into the designated hole.
- Tighten the screw to the recommended torque value of 50 inch lbs (5.7 Nm) using a torque wrench.
- Place your Aimpoint Acro P1 or P2 optic onto the mount.
- Secure the optic to the mount using the provided screws, tightening to a torque value of 27 inch lbs (3.0 Nm).

### 3. Final Inspection:

- After installation, doublecheck all screws and connections to ensure everything is secure.
- Test the mount and optic for stability before using them in the field.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local regulations.
- If the mount reaches the end of its life, dispose of it responsibly by recycling the aluminum components where possible.
- Do not dispose of the mount in general waste.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the Arisaka Aimpoint Acro Mount, please contact the appropriate EU-based support channels for assistance.

Thank you for your attention to these safety instructions. Enjoy the reliable performance of your Arisaka Aimpoint Acro Mount.
