If you need more room for activities in your range bag/hunting duffel/diaper bag then Grey Ghost Gear has just what you've been looking for... meet the Range Bag XL. They took their classic range bag and scaled it up to meet the demands of those of you who like to bring the kitchen sink wherever you go. The XL bag measures 10 inches tall, 23 inches wide, and 11 inches deep, over 2500 cubic inches. It shares many features of its predecessor, from its 500D Nylon Cordura construction, removable padded shoulder strap, customizable partitions for the main compartment, and a fold down vinyl-lined flap with a rare earth magnet sewn in that makes the perfect field repair and maintenance surface especially with its dual zippers on either side for storing small, easily lost tools and parts. The vinyl can stand up to oil and solvents used in cleaning and lubing your weapon as well as blowouts from junior. The elastic loop organizers in this pocket are perfect for stowing pistol and rifle magazines, tourniquets and medical supplies as well as writing utensils. On the reverse side of the bag there is a zippered pocket to accept a staple gun, shot timer or other range essentials. Two exterior zippered pockets on either end are ideal ear and eye pro, gloves, or even baby wipes. The interior of the main compartment is lined with hook and loop material just like its little brother, so you can configure the 3 divider walls and the removable mesh dump pouch for reloading brass or garbage. The lid has a full length mesh storage on the underside for even more organization of supplies. So whether you are packing up for a morning hunt, a 3 Gun match or a field day with the family, the Range Bag XL has the capacity to bring all the gear you need to succeed.
