

T-BONE CHARGING HANDLE LATCHES - STRIKE INDUSTRIES .223 TENDERLOIN (SMALL) LATCHES FOR AR-TBCH-223 IN BLACK

[Rifle Parts](#) > [Bolt Parts](#) > [Charging Handle Parts](#) > [Latches](#)

These interchangeable T-Bone latches feature the SI patented gas redirect system that allows you to configure the gas to exit only left, only right or evenly to both sides. With comfort and control in mind, the T-Bone latchless handles are made from SI PolyFlex polymer. The latchless feature of the T-Bone gives minimal wear and tear on your AR upper receiver compared to traditional charging handles on the market. The Strike Industries Porterhouse or Tenderloin T-Bone Charging Handle Latches gives you a modular way to direct the gas and setup the feel and look for one of the most overlooked and essential part of your AR upper receiver. Porterhouse/Large: The Strike Industries Porterhouse T-Bone Charging Handle Latches (Large) are longer latches for those who want to go bigger. A larger and longer surface area to increase grip and leverage for those with larger hands or to ensure you never miss a step to get back into the fight. Also most of the time with larger optics or thicker gloves, larger latches offer easier operation. Tenderloin/Small: The Strike Industries Tenderloin T-Bone Charging Handle Latches (Small) are smaller latches for those who want to be sleek and slim. Shorter controls for a lower profile setup. Package Contents: x2 T-Bone Charging Handle Latches - Right & Left (Large or Small) x2 Set screw [M3x8mm] x1 Hex tool [1.5mm] x1 Hex tool [3mm] x1 Loctite® Threadlocker Blue 243® Product Features: Interchangeable latches that can be easily swapped on SI T-Bone Charging Handle (LARGE) Larger and longer surface area to increase grip and leverage (SMALL) Shorter controls for a lower profile setup SI patented gas redirect system Configure gas to exit only left, only right or evenly on both sides Latchless modular SI PolyFlex polymer handles Minimal wear on upper receiver compared to others on the market COMPATIBILITY: Only with Strike Industries T-Bone Charging Handles NOT COMPATIBLE: Any other brand and model charging handles NOTE: Due to material differences, handle polymer material colors will not match anodized aluminum colors DISCLAIMER: Expect wear and tear of polymer latch from upper receiver based on various brands, makes and tolerances -CALIFORNIA PROPOSITION 65 WARNING:- WARNING: This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. Safety Instruction Guide for TBONE Charging Handle Latches

Introduction

Thank you for choosing the TBONE Charging Handle Latches by Strike Industries. This guide provides essential safety instructions and guidelines to ensure the safe use and installation of your product. Please read this document carefully before use.

General Safety Guidelines

- Ensure that the TBONE Charging Handle Latches are compatible with your AR15 model.
- Inspect the product for any visible damage or defects before installation.
- Be aware of the potential hazards associated with improper use or installation.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe product experiences or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Use the TBONE Charging Handle Latches only as intended and according to the manufacturer's instructions.
- Avoid using excessive force when operating the latches to prevent damage.
- Ensure that your hands are dry and free from any substances that could affect grip during operation.
- Regularly check the latches for wear and tear, especially after extensive use.
- If you notice any signs of wear or malfunction, discontinue use immediately and consult a professional.

Instructions for Installation and Usage

1. Compatibility Check:

- Confirm that the TBONE Charging Handle Latches are suitable for your specific model of AR15.

2. Installation:

- Gather the necessary tools: Hex tools [1.5mm and 3mm] and a set screw [M3x8mm].
- Remove any existing charging handle latches from your AR15.
- Align the TBONE Charging Handle Latches with the charging handle assembly.
- Secure the latches using the provided set screws. Ensure they are tightened properly without overtightening.

3. Usage:

- To operate the charging handle, grip the TBONE latches firmly.
- Pull the charging handle back smoothly to cycle the action of your firearm.
- Release the handle slowly to allow it to return to its original position.

4. PostUsage Care:

- After use, clean the latches with a soft cloth to remove any debris or residue.
- Store the product in a safe place away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of the TBONE Charging Handle Latches in accordance with local regulations.
- Do not dispose of the product in regular household waste if it contains hazardous materials. Check with local waste management for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or product concerns, please reach out to the manufacturer directly.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy the enhanced performance of your TBONE Charging Handle Latches!
