

# SIG SAUER P365 SLIDE - STRIKE INDUSTRIES SLIDE FOR SIG SAUER P365 IN BLACK

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

The SIG SAUER® P365 redefined what a concealed carry handgun should be. At the time of the P365 release, it had the best size to capacity ratio and quickly became one of the most popular daily Concealed Carry Weapons (CCW) on the market. The Strike Slide for SIG SAUER® P365 was created with function and form in mind, a perfect upgrade or new custom build. Made in the USA from machined billet 17-4 Stainless Steel to ensure strength and reliability, this Strike Slide weighs less than the factory production model, reducing the recoil momentum which allows faster and more efficient follow-up placement. The Strike Slide was proudly designed with durability and function in mind along with the Strike Industries stylings. Large enhanced aggressive front and rear serration areas aid in manipulating the slide to check the chamber or clear a jam along with the included left and right side charging handles located towards the rear of the slide. The two large port relief cuts will highlight any styled barrel and also provides a faster cycle time with its lightweight structure and improved air flow. The Strike Slide for SIG SAUER® P365 is pre-cut for Shield Standard and Docter/Noblex footprints, you are able to mount compatible Micro Red Dot Optics (MRDS) securely with ease without needing to send your slide out to get machined. Additionally, a removable cover plate with a built-in rear sight is included for those who do not want to use an optic. The Strike Slide comes with all necessary screws and posts needed for compatible red dots. The Strike Slide for SIG SAUER® P365 is truly an function and aesthetic upgrade or a great choice for a new custom build. Package Contents: x1 Strike Slide for SIG SAUER® P365 x1 Cover plate x2 Cover plate screw [M3x5mm] x1 Charging handle [Left] x1 Charging handle [Right] x2 Screw for Docter Red Dot Sight [M3x6mm] x2 Screw for Vortex Venom [M3x6mm] x2 Screw for FastFire/MRDS/Viper [M3x8mm] x2 Screw for Shield/Leupold DeltaPoint (non-Pro) [M3x10mm] x5 Small post x1 Torx tool [T10] x1 Loctite® Threadlocker Blue 243® Product Features: Aggressive serrations to front and rear slide ridges Includes left and right side rear charging handles Two custom port cuts Pre-cut for Shield Standard footprint Cover plate w/ rear sight, screws and posts included Uses standard front P365 compatible sights Lightweight design Machined billet 17-4 Stainless Steel Heat treated to H900, 40-42 HRC Nitride coating finish Made in USA NOTE: Use only latest generation P365 internal upper parts. # Safety Instruction Guide for SIG SAUER P365 Slide Strike Industries Slide

## Introduction

Thank you for choosing the SIG SAUER P365 Slide Strike Industries Slide. This guide provides important safety information, installation instructions, and proper usage guidelines to ensure your safety and the optimal performance of your product. Please read this guide carefully before using the product.

## General Safety Guidelines

- Always ensure that the firearm is unloaded before attaching or removing the slide.
- Keep the slide and all firearm components out of reach of children and unauthorized users.
- Use the product only for its intended purpose as specified in this guide.
- Regularly inspect the slide for wear, damage, or any signs of malfunction.
- Follow all local laws and regulations regarding firearm modifications and usage.
- If you experience any issues with the slide, discontinue use immediately and consult a qualified gunsmith.

## Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when handling firearms.
- Ensure that the firearm is pointed in a safe direction at all times.
- Do not attempt to modify or alter the slide beyond the manufacturer's specifications.
- Be cautious when using micro red dot optics; ensure they are properly secured to avoid accidents.
- Avoid using the slide with incompatible parts or accessories.
- Be aware of the potential for recoil and ensure a firm grip on the firearm when firing.

## Instructions for Installation and Usage

### Installation Instructions

#### 1. Prepare Your Firearm:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Remove the factory slide from your SIG SAUER P365.

#### 2. Attach the Strike Slide:

- Align the Strike Slide with the frame of the firearm.
- Gently slide it into place until it is securely attached.
- Ensure that the slide operates smoothly without obstruction.

#### 3. Install Charging Handles:

- Attach the left and right charging handles to the designated areas on the slide.
- Secure them using the provided screws.

#### 4. Mounting Optics:

- If using a micro red dot, align it with the precut footprint on the slide.
- Secure the optic using the appropriate screws provided in the package.

#### 5. Final Check:

- Conduct a thorough inspection to ensure all components are securely attached.
- Test the slide's functionality without ammunition to ensure proper operation.

## **Usage Instructions**

- Load the firearm only when you are ready to use it.
- Always check the chamber and magazine to ensure they are clear of ammunition before handling.
- Follow standard firearm safety practices when firing, including keeping your finger off the trigger until ready to shoot.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations regarding metal and firearm components.
- Do not dispose of the product in regular household waste. Contact local authorities for proper disposal methods.

## **Contact Information for Further Support**

For questions or concerns regarding the SIG SAUER P365 Slide Strike Industries Slide, please consult your local dealer or manufacturer for assistance. Always refer to the manufacturer's website for the most current information and updates.

### **Important Note**

This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, please visit [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

By following these guidelines, you can ensure a safe and enjoyable experience with your SIG SAUER P365 Slide Strike Industries Slide. Thank you for your attention to safety and proper usage.
