

ATACR 4-20X50MM FFP RIFLE SCOPES - ATACR 4-20X50MM FFP ILLUMINATED MOA-XT RETICLE BLACK

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

The Nightforce ATACR 4-20x50mm F1 fills an important magnification range in the ATACR line. Equally at home atop a bolt action or a semi-automatic rifle, the 4-20x50 F1 is smaller and lighter than the 5-25x56 F1 while offering a 25% improvement in magnification over the 4-16x42 F1. With Digillum, a ZeroStop turret, power throw lever, ED lenses, and 20x max magnification, the ATACR 4-20x50 F1 is their apex mid-power scope. If there is such a thing as a "professional" riflescope, it is an ATACR™. They are designed for military, law enforcement, hunters, and other tactical professionals... and for those who simply want to shoot like a professional. An ATACR™ riflescope is the combination of the finest materials, engineering expertise, mechanical reliability and optical performance available today. Simply put, there is no expense spared, no detail overlooked in building a Nightforce ATACR™. They are the basis for Nightforces' Mil-Spec riflescopes, currently in use by several branches of the U.S. Military and allies around the world. All ATACR™ riflescopes feature ED glass, which produces brilliant images, superb color contrast, and exceptional resolving power—allowing you to distinguish the smallest targets at extreme distances. Features: Digillum Illumination, ZeroStop, PTL (Power Throw Lever) Compact 13.9" Overall Length 130 MOA/38 MRAD of total Elevation Adjustment Parallax from 11 yards to Infinity First Focal Plane reticles

Attributes

- Name: [ATACR 4-20X50MM FFP ILLUMINATED MOA-XT RETICLE BLACK](#)
- Manufacturer: [NIGHTFORCE](#)
- Product no.: 430105743
- Mfr. No.: C645
- Battery: CR-2032
- Click Value: 1/4 MOA
- Click Value: 1/4 MOA
- Eye Relief: 3.50"
- Finish: Black
- Focal Plane: First
- Illumination: Yes
- Length: 13.9"
- Max Magnification: 20x
- Min. Magnification: 4x
- Model Number: ATACR 4
- Objective Size: 42mm
- Reticle: MOA-XT
- Tube Size: 34mm
- Weight: 2.2 lbs
- Delivery weight: 1.678kg
- Shipping height: 152mm
- Shipping width: 133mm
- Shipping length: 584mm
- UPC: 847362019567

Item details

Made in USA

This product contains a battery.

US export classification: 0A504.a

Safety Instruction Guide for the Nightforce ATACR 420X50MM FFP Rifle Scope

Introduction

Thank you for choosing the Nightforce ATACR 420X50MM FFP Rifle Scope. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your riflescope. Please read this document carefully and keep it for future reference.

General Safety Guidelines

- Always handle your riflescope with care to avoid damage.
- Ensure that the riflescope is mounted securely and correctly on your firearm.
- Use the riflescope only for its intended purpose: to assist in aiming and shooting.
- Keep the riflescope clean and free from obstructions for optimal performance.
- Store the riflescope in a dry, cool place when not in use.
- Be aware of your surroundings and ensure that you have a clear and safe shooting environment.
- Follow all local laws and regulations regarding firearms and shooting.

Specific Safety Precautions for Use

- **Eye Protection:** Always wear appropriate eye protection while using the riflescope.
- **Child Safety:** Keep the riflescope and firearm out of reach of children. Educate young users about the importance of firearm safety.
- **Shooting Range Safety:** Follow all safety rules at shooting ranges, including proper handling and storage of firearms.
- **Weather Conditions:** Avoid using the riflescope in extreme weather conditions, such as heavy rain or fog, which can impair visibility.
- **Inspection:** Regularly inspect the riflescope for any signs of damage or wear. If any issues are found, do not use the scope until it has been repaired or replaced.

Instructions for Installation and Usage

1. Mounting the Riflescope:

- Select a compatible mounting base for your rifle.
- Securely attach the mounting rings to the base according to the manufacturer's instructions.
- Place the riflescope in the rings and tighten them evenly to avoid misalignment.

2. Adjusting the Scope:

- Adjust the eye relief by moving the scope forward or backward until you achieve a comfortable sight picture.
- Use the power throw lever to easily adjust the magnification from 4x to 20x.

3. Zeroing the Scope:

- Set up your rifle on a stable shooting platform.
- Fire a group of shots at a target and observe where the shots land.
- Adjust the windage and elevation turrets according to the manufacturer's instructions to align the reticle with the point of impact.

4. Using the Illumination Feature:

- To activate the Digillum illumination, locate the control knob and adjust it to the desired brightness level.
- Ensure the illumination is turned off when not in use to conserve battery life.

5. Parallax Adjustment:

- Adjust the parallax setting according to the distance of your target, from 11 yards to infinity, for optimal clarity.

Disposal Instructions

- Dispose of the riflescope in accordance with local regulations for electronic devices.
- Remove the battery (CR2032) before disposal and recycle it according to local battery recycling guidelines.

Contact Information for Further Support

For any safety inquiries or product support, please consult the manufacturer or authorized dealer. Always refer to the official website or customer service for the most accurate and updated information.

By following these guidelines, you can ensure safe and effective use of your Nightforce ATACR 420X50MM FFP Rifle Scope. Thank you for your attention to these important safety measures.
