## Helps You Attain the Full Potential of Your Rifle / Cartridge Combo

Think of the Nightforce ATACR 7-35x56mm F1 as the long-range riflescope that doesn't give you tunnel vision. This powerful version of the Advanced TACTical Riflescope offers an unusually wide field of view across its extensive magnification range, so the target is both easy to find and easy to hit, even when you need to dial up the magnification. The ATACR 7-35x56mm F1 scope has a first focal plane (F1) reticle that ensures pin-point ranging calculations and fast hold-off adjustments. Nightforce's fully multicoated, low-dispersion ED glass delivers more than 90% light transmission, crisp images, excellent contrast, and outstanding color. Parallax adjustment down to 10 meters ZeroStop™ elevation adjustment for quick return-to-zero without counting clicks or looking at the turret DigIllum Illuminated reticle Built-in Power Throw Lever (PTL) for fast magnification changes 34mm tube gives you 20% more elevation travel than a 30mm tube With its industry-leading ATACR optics and an easy-to-operate suite of controls, the Nightforce ATACR 7-35x56mm F1 enables you to address close-in targets as well as those at the limits of your rifle and cartridge. Whether your game is extreme long-range shooting or PRS (Precision Rifle Series) - ATACR 7-35x56mm F1 set you up to win at both.

# Safety Instruction Guide for the Nightforce ATACR 735X56MM F1 Rifle Scope

## Introduction

Thank you for choosing the Nightforce ATACR 735X56MM F1 Rifle Scope. This guide provides essential safety instructions and general guidelines to ensure safe and effective use of this product. Please read this manual thoroughly before using the scope.

## General Safety Guidelines

- Ensure that the rifle scope is used only by individuals who are familiar with firearms and have received appropriate training.
- Always treat every firearm as if it is loaded, and adhere to all safety protocols when handling firearms.
- Keep the scope and all firearms out of reach of children and unauthorized users.
- Regularly inspect the scope for any signs of damage or wear. Do not use if damaged.
- Be aware of your surroundings and ensure a safe shooting environment.
- Understand the local laws and regulations regarding the use of firearms and scopes.

## Specific Safety Precautions for Use

- Do not look directly at the sun through the scope, as it may cause permanent eye damage.
- Ensure that the scope is properly mounted and securely attached to the rifle before use.
- Adjust the magnification and focus only when the rifle is pointed in a safe direction.
- Use the scope only for its intended purpose; avoid using it for any other applications.
- Be cautious of recoil when firing, as the scope may shift if not properly secured.
- Always wear appropriate eye and ear protection when using firearms.

## Instructions for Installation and Usage

### 1. Installation:

- Select a suitable mounting base that is compatible with the rifle and scope.
- Securely attach the scope to the mounting base following the manufacturer's instructions.
- Ensure that the scope is level and aligned with the rifle's barrel.
- Tighten all screws and mounts to the manufacturer's recommended torque specifications.

### 2. Usage:

- Before using the scope, familiarize yourself with its features, including the reticle, magnification settings, and illumination controls.
- Adjust the parallax to the appropriate distance for your shooting scenario.
- Set the desired magnification level using the Power Throw Lever (PTL) for quick changes.
- Always check the zeroing of the scope before engaging in shooting activities.
- Use the ZeroStop™ elevation adjustment to return to the zero setting without counting clicks.

## Disposal Instructions

- Dispose of the scope and any associated components in accordance with local regulations.
- Do not dispose of electronic components in regular household waste. Check for designated electronic waste disposal sites in your area.

## Contact Information for Further Support

For further assistance, please refer to the manufacturer's website or contact your local retailer. Ensure you have the model number and any relevant details ready for a more efficient response.

By following these guidelines, you can ensure the safe and effective use of the Nightforce ATACR 735X56MM F1 Rifle Scope. Always prioritize safety and adhere to best practices in firearms handling. Thank you for your attention to these important safety measures.
