

ATACR 7-35X56MM F1 RIFLE SCOPE - ATACR 7-35X56MM FFP ILLUMINATED MOAR RETICLE DARK EARTH

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

Helps You Attain the Full Potential of Your Rifle / Cartridge Combo

Think of the Nightforce ATACR 7-35x56mm F1 as the long-range riflescope that doesn't give you tunnel vision. This powerful version of the Advanced TACTical Riflescope offers an unusually wide field of view across its extensive magnification range, so the target is both easy to find and easy to hit, even when you need to dial up the magnification. The ATACR 7-35x56mm F1 scope has a first focal plane (F1) reticle that ensures pin-point ranging calculations and fast hold-off adjustments. Nightforce's fully multicoated, low-dispersion ED glass delivers more than 90% light transmission, crisp images, excellent contrast, and outstanding color. Parallax adjustment down to 10 meters ZeroStop™ elevation adjustment for quick return-to-zero without counting clicks or looking at the turret DigIllum Illuminated reticle Built-in Power Throw Lever (PTL) for fast magnification changes 34mm tube gives you 20% more elevation travel than a 30mm tube With its industry-leading ATACR optics and an easy-to-operate suite of controls, the Nightforce ATACR 7-35x56mm F1 enables you to address close-in targets as well as those at the limits of your rifle and cartridge. Whether your game is extreme long-range shooting or PRS (Precision Rifle Series) - ATACR 7-35x56mm F1 set you up to win at both.

Safety Instruction Guide for Nightforce ATACR 735X56MM F1 Rifle Scope

Introduction

Thank you for choosing the Nightforce ATACR 735X56MM F1 Rifle Scope. This guide provides essential safety information and instructions to ensure the safe and effective use of your product. Please read this guide carefully before use to familiarize yourself with the safety precautions and operational guidelines.

General Safety Guidelines

- **Product Safety:** This rifle scope is designed for safe use in accordance with EU safety regulations. Ensure that you follow all instructions provided in this guide.
- **Enhanced Recalls:** Be aware that in the event of a product recall, standardized notices will be issued, and remedies will be provided free of charge.
- **Online Shopping:** If you purchased this product online, you are entitled to the same safety protections as if you had purchased it in a physical store.
- **Special Consumer Focus:** Extra precautions should be taken to protect vulnerable groups, such as children. Ensure that the rifle scope is stored securely and out of reach.
- **EU Contact Point:** For any safety inquiries, refer to the contact information provided on the product packaging or retailer's website.
- **Rapid Alerts:** Stay informed about product safety updates through the EU's Safety Gate platform, which provides alerts on unsafe products.

Specific Safety Precautions for Use

- **Age Restriction:** This product is intended for use by individuals aged 18 and older. Ensure that it is not used by children or individuals untrained in firearms handling.
- **Proper Handling:** Always handle the rifle scope with care. Avoid dropping or subjecting it to impacts that could damage the unit.
- **Eye Protection:** When using the rifle scope, wear appropriate eye protection to prevent injury from potential ricochets or debris.
- **Environmental Conditions:** Do not use the rifle scope in extreme weather conditions (e.g., heavy rain, snow, or high humidity) that may impair its performance.
- **Maintenance:** Regularly inspect the scope for any signs of damage or wear. If any issues are detected, discontinue use and seek professional assistance.

Instructions for Installation and Usage

1. Installation:

- Ensure that the rifle is unloaded and pointed in a safe direction before installation.
- Mount the rifle scope securely to the rifle using the appropriate mounting rings or bases.
- Follow the manufacturer's instructions for torque specifications to ensure a secure fit.

2. Adjusting the Scope:

- Familiarize yourself with the adjustment controls, including the parallax adjustment and ZeroStop™ elevation adjustment.
- Make adjustments slowly and carefully to avoid overadjusting.

3. Using the Reticle:

- The F1 reticle allows for precise ranging calculations. Ensure you understand how to use the MOAR reticle effectively.
- Practice using the reticle at various distances to become proficient in holdoff adjustments.

4. **Illumination:**

- The DigIllum illuminated reticle provides enhanced visibility in lowlight conditions. Turn on the illumination as needed, but be mindful of battery life.
- Replace the battery (CR2032) as necessary, ensuring that the scope is powered off during replacement.

5. **Magnification Changes:**

- Use the builtin Power Throw Lever (PTL) for quick and easy magnification adjustments. Practice adjusting the magnification to improve efficiency during use.

Disposal Instructions

- **Environmental Considerations:** Dispose of the rifle scope and its components in accordance with local regulations. Do not dispose of electronic components in regular household waste.
- **Battery Disposal:** Dispose of the CR2032 battery in accordance with local regulations for battery recycling.

Contact Information for Further Support

For any questions or concerns regarding the Nightforce ATACR 735X56MM F1 Rifle Scope, please refer to the contact information provided on the product packaging or the retailer's website.

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your Nightforce ATACR 735X56MM F1 Rifle Scope. Thank you for your attention to safety, and happy shooting!
