

SIG SAUER P320 SLIDE COMPLETION KIT 9MM/357 - P320 SLIDE COMPLETION KIT 9MM/357, CORROSION RESISTANT

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

All the factory replacement corrosion-resistant parts to complete your P320 slide, minus barrel, sights, and recoil assembly. Includes: Extractor Extractor Pin Extractor spring Extractor spring pin Striker group assembly Rear slide cap Installation of these parts kits requires disassembly of your firearm beyond a "field-stripped" condition. Improper installation may result in malfunction, serious injury, or death. SIG SAUER requires that only certified SIG SAUER armorers install these parts kits. Any damage caused by the incorrect installation of these parts kits are not covered by your firearm's warranty, and SIG SAUER will charge for any needed repairs to a firearm damaged by improper use or installation of these parts kits. **WARNING:** These parts kits are intended to be installed as a full unit. Any substitution of included parts may be incompatible and may lead to malfunction, serious injury, or death.

SIG SAUER P320 Slide Completion Kit Safety Instructions

Introduction

Thank you for choosing the SIG SAUER P320 Slide Completion Kit. This kit contains all the necessary corrosionresistant parts to complete your P320 slide, excluding the barrel, sights, and recoil assembly. Please read these safety instructions carefully to ensure safe handling and installation of the components.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure that you are in a safe environment when handling any firearm parts.
- Keep all parts out of reach of children and unauthorized individuals.
- Follow all local laws and regulations regarding firearm modifications and parts installation.
- Ensure that you have a clear understanding of the installation process before beginning.
- If you are not a certified SIG SAUER armorer, seek professional assistance for installation.

Specific Safety Precautions for Use

- **Hazard Identification:** Improper installation of these parts may lead to malfunction, serious injury, or death.
- **Installation Warning:** Only certified SIG SAUER armorers should install these parts kits.
- **Malfunction Risk:** Any substitution of included parts may lead to incompatibility and potential hazards.
- **Warranty Notice:** Damage caused by incorrect installation is not covered by the warranty. SIG SAUER will charge for repairs due to improper use or installation.

Instructions for Installation and Usage

1. Disassembly:

- Disassemble your firearm beyond a “fieldstripped” condition to access the slide.
- Follow the manufacturer’s guidelines for disassembly.

2. Installation of Parts:

- Ensure you have the following parts included in your kit:
 - Extractor
 - Extractor Pin
 - Extractor Spring
 - Extractor Spring Pin
 - Striker Group Assembly
 - Rear Slide Cap
- Carefully install each part according to the following steps:
 - Install the extractor into the slide.
 - Secure the extractor pin to hold the extractor in place.
 - Attach the extractor spring and ensure it is positioned correctly.
 - Insert the extractor spring pin to secure the spring.
 - Install the striker group assembly into the slide.
 - Finally, place the rear slide cap onto the slide.

3. Final Checks:

- After installation, doublecheck all parts to ensure they are secured properly.
- Conduct a function check to ensure that the slide operates smoothly.

Disposal Instructions

- Dispose of any unused parts or packaging materials in accordance with local waste disposal regulations.
- Ensure that all hazardous materials are disposed of safely to prevent environmental contamination.

Contact Information for Further Support

For any questions or concerns regarding the installation or use of the SIG SAUER P320 Slide Completion Kit, please consult with a certified SIG SAUER armorer or authorized dealer. Remember to report any unsafe products or incidents to the appropriate authorities and check for recall updates on the EU's Safety Gate platform.

Thank you for your attention to these safety instructions. Your safety and the safety of others depend on your careful handling and installation of this product.
