

## **DAKA® GRID ORGANIZER FOR PELICAN 1750 PROTECTOR - MAGPUL DAKA GRID ORGANIZER FOR PELICAN 1750 BLACK**

Magpul's DAKA GRID Organizer is a fully customizable drop-in organizational solution that secures and protects your important equipment when it's stored or transported in your existing hard case. Specifically designed to fit Pelican™ 1750 Protector, Harbor Freight Apache 9800, and Eylar® 53" gun cases, the GRID Organizer is completely reconfigurable to meet your storage needs. Individual Expanded Polypropylene (EPP) Panels and Blocks nest together securely to maximize protection, versatility, and ease-of-use. They can be organized to brace and immobilize rifles, optics, ammunition, accessories, and other gear, and they can be quickly removed and reinstalled for your next loadout. The lightweight GRID system uses compression to immobilize and compartmentalize your gear, firmly holding it in place and providing advanced protection during transport. The result is less movement and better impact resistance for your gear than you'll get from current open cell foam options that can let your gear slide around inside your case during transport. Also, the GRID's EPP make up doesn't absorb contaminants like open cell foam does, providing resistance to liquid and chemical intrusion and mitigating contamination of your gear. Cleaning up dirt, chemicals, and liquids is easy with just a damp cloth. Offering numerous advantages over traditional foam and expensive laser-cut inserts, the GRID provides intuitive, modular organization at your fingertips. It's reconfigurable without tools, so it can be adapted to your loadout in seconds. If you're carrying wider or taller equipment, a center GRID Panel can also be removed to open up space for objects approximately 4.25" inches wide. If you end up needing to cut a Panel to create a unique cavity for wider gear, the EPP cuts smoothly and doesn't lose its strength or ability to protect your important equipment. Simple to configure, stronger than foam, and versatile enough to change with every loadout, the DAKA GRID Organizer lets you use every inch of your case to store and securely carry your gear the way you want. Includes GRID base Panels, eight triple Blocks, eight double Blocks, and replacement base foam. EPP Panels and Blocks quickly replace current internal setup GRID system holds your gear securely and protects better than foam sheets Not just for firearms; can be used for all types of gear EPP construction is lighter and stronger than traditional foam Endlessly customizable and no tools required Unique gear loadouts set up in seconds GRID is stronger than open cell foam, holds your gear in place, and protects better from impacts Resists absorbing liquids and chemicals and easy to clean with a damp cloth Good temperature stability GRID Block arrangement lets you maximize the use of all of your space Ability to reconfigure the GRID means no cutting or plucking of foam that leaves you with one fixed configuration

# DAKA® GRID ORGANIZER FOR PELICAN 1750

## Safety Instruction Guide

### Introduction

Thank you for choosing the DAKA® GRID Organizer for your Pelican 1750 Protector. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before using the organizer to protect your equipment and enhance your storage solutions.

### General Safety Guidelines

- Ensure the DAKA GRID Organizer is compatible with your equipment and storage needs.
- Regularly inspect the organizer for any signs of wear or damage. Do not use if damaged.
- Keep the organizer out of reach of children and vulnerable individuals to prevent accidents.
- Always secure your equipment properly within the organizer to avoid movement during transport.
- Follow all instructions regarding cleaning and maintenance to ensure longevity and safety.

### Specific Safety Precautions for Use

- **Avoid Overloading:** Do not exceed the recommended weight limit for the GRID Organizer. Overloading can compromise its structural integrity.
- **Secure All Items:** Ensure that all items are properly secured within the organizer to prevent shifting during transport, which can cause damage.
- **Check Compatibility:** Verify that your gear fits within the dimensions of the GRID Organizer. Improperly sized items can lead to instability.
- **Use in Appropriate Conditions:** Avoid exposing the organizer to extreme temperatures or harsh chemicals that may degrade the materials.
- **Cleaning:** Use a damp cloth to clean the organizer. Do not use harsh chemicals or abrasive materials that may damage the surface.

### Instructions for Installation and Usage

#### 1. Unpacking the Organizer:

- Carefully remove the DAKA GRID Organizer from its packaging.
- Inspect all components for any signs of damage. If any components are damaged, do not use the product.

#### 2. Setting Up the GRID Organizer:

- Identify the components included in the package: GRID base Panels, triple Blocks, double Blocks, and replacement base foam.
- Arrange the EPP Panels and Blocks according to your specific storage needs. The modular design allows for endless customization.
- Ensure that all Panels and Blocks are securely nested together to maximize protection and stability.

#### 3. Loading Your Gear:

- Place your gear, including rifles, optics, ammunition, and accessories, into the organizer.
- Adjust the arrangement of the Blocks to immobilize and compartmentalize your items effectively.
- If necessary, remove a center GRID Panel to create additional space for wider items (up to 4.25 inches).

#### **4. Securing the Organizer:**

- Once all items are loaded, ensure they are firmly held in place by the GRID system.
- Test the stability of the setup by gently moving the organizer to confirm that items do not shift.

#### **5. Transporting the Organizer:**

- When transporting, ensure that the organizer is placed securely inside your hard case.
- Avoid sudden impacts or drops that could compromise the integrity of the organizer or its contents.

## **Disposal Instructions**

- Dispose of the DAKA GRID Organizer responsibly in accordance with local regulations.
- If the organizer is no longer usable, consider recycling the EPP materials if available in your area.
- Do not dispose of the organizer in regular household waste if it can be recycled or repurposed.

## **Contact Information for Further Support**

For any questions or concerns regarding the DAKA GRID Organizer, please refer to the manufacturer's contact information provided with your product packaging. It is important to have access to support for any safety inquiries or productrelated issues.

Thank you for taking the time to read this safety instruction guide. Your safety and satisfaction are our top priorities. Enjoy using your DAKA GRID Organizer to keep your equipment secure and organized!

# Säkerhetsinstruktioner för DAKA® GRID ORGANIZER FÖR PELICAN 1750

## Introduktion

Tack för att du valt DAKA® GRID ORGANIZER FÖR PELICAN 1750. Denna produkt är utformad för att säkerställa att din utrustning är organiserad, säker och skyddad under transport. För att maximera säkerheten och funktionaliteten, vänligen följ dessa säkerhetsinstruktioner noggrant.

## Allmänna säkerhetsriktlinjer

- Använd endast DAKA GRID ORGANIZER enligt de angivna instruktionerna.
- Kontrollera produkten regelbundet för tecken på slitage eller skador.
- Håll produkten borta från öppen eld eller extrem värme.
- Förvara produkten på en torr och sval plats när den inte används.
- Håll produkten utom räckhåll för barn och sårbara grupper.

## Specifika säkerhetsåtgärder för användning

- Se till att alla paneler och block är korrekt installerade innan du transporterar utrustning.
- Undvik att överbelasta GRID ORGANIZER med mer utrustning än vad den är avsedd för.
- Använd alltid skyddshandskar när du hanterar skarpa eller tunga föremål.
- Kontrollera att inga föremål blockerar säkerhetsmekanismerna i GRID SYSTEMET.
- Undvik att använda produkten för att transportera farliga material eller kemikalier.

## Instruktioner för installation och användning

### 1. Installera GRIDpaneler:

- Ta bort alla befintliga paneler från din Pelican 1750.
- Placera EPPpanelerna och blocken i önskad konfiguration.
- Se till att panelerna klickar på plats och är stabila.

### 2. Organisera utrustning:

- Placera gevär, optik och tillbehör i de avsedda blocken.
- Använd kompressionssystemet för att immobilisera utrustningen.
- Kontrollera att all utrustning är säkert på plats innan transport.

### 3. Underhåll och rengöring:

- Torka av GRID ORGANIZER med en fuktig trasa för att ta bort smuts eller vätskor.
- Undvik att använda starka kemikalier som kan skada EPPmaterialet.

## Avfallshantering

- När produkten inte längre behövs, vänligen återvinn EPPmaterialet om det är möjligt.
- Följ lokala riktlinjer för avfallshantering av plastmaterial.
- Kasta inte produkten i naturen; se till att den bortskaffas på ett miljövänligt sätt.

## **Kontaktinformation för vidare support**

För frågor eller mer information om produkten, vänligen kontakta tillverkaren eller din återförsäljare. Se till att ha produktens modellnummer till hands för snabbare hjälp.

Dessa säkerhetsinstruktioner är utformade för att följa EU:s allmänna produkt säkerhetsförordning (GPSR) och säkerställa trygg och säker användning av DAKA GRID ORGANIZER. Tack för att du följer dessa riktlinjer.
