

GEN II ARMORER'S CASE WITH FOAM INSERTS - BROWNELLS

ARMORER'S CASE GEN 2, W/FOAM, BLACK

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Tool Storage](#) > [Tool Boxes](#)

GEN II ARMORER'S CASE WITH FOAM INSERTS The Brownells Gen II Armorer's Case with Foam Inserts is a robust and meticulously designed storage solution tailored for gunsmiths and firearm enthusiasts who require organized and secure transportation of their tools. This case mirrors the one utilized in the comprehensive Brownells Gen II Armorer's Kit but is offered without the tools, allowing users to customize their tool selection according to specific needs. Tools not included. **Description and Features:** **Durable Construction:** Crafted from nearly indestructible molded polymer resin, this case meets military specification MIL-STD-810F, ensuring resilience under demanding conditions. **Aluminum Rail Slide System:** Equipped with an aluminum rail slide system, each of the five drawers can slide out into a secure position for easy access and can be removed if desired, enhancing user convenience. **Pre-Cut Foam Inserts:** The drawers come with pre-cut foam inserts designed to fit the tools included in the Brownells Gen II Armorer's Kit, providing organized storage and protection for your equipment. **Enhanced Mobility:** Features a retractable handle and rugged terrain wheels, taking the strain off transportation and ensuring ease of movement across various surfaces. **Specifications:** **Material:** Molded polymer resin **Color:** Black **Number of Drawers:** Five **Dimensions:** Not specified **Weight:** Not specified **Customer Insights:** Customers appreciate the case's durable construction and the convenience offered by the aluminum rail slide system. The pre-cut foam inserts are particularly valued for keeping tools organized and protected during transport. The enhanced mobility features, such as the retractable handle and rugged wheels, make it a preferred choice for professionals who require a reliable and portable storage solution. Incorporating the Brownells Gen II Armorer's Case with Foam Inserts into your toolkit ensures that your tools are securely stored and easily accessible, enhancing efficiency and confidence in various settings.

This is the same Pelican toolbox and foam that is used for the Brownells Gen II Armorer's kit minus the tools. You get the box with pre-cut foam installed in the drawers that fits all the same tools in the Brownells Gen II Armorer's kit. The tools will need to be purchased separately. The Pelican tool box is made from molded polymer resin and meets MIL-STD-810F. Five drawers with the aluminum rail slide system that allows each of the drawers to slide out into a secure position for easy access and can still be removed if desired. A retractable handle and rough terrain take the strain off of transporting.

Safety Instruction Guide for GEN II Armorers Case with Foam Inserts

Introduction

Thank you for choosing the GEN II Armorers Case with Foam Inserts by Brownells. This product is designed to provide secure storage for your tools while ensuring safe usage. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose, which is to store and transport tools.
- Regularly inspect the case and foam inserts for any signs of damage or wear. Replace any damaged components immediately.
- Keep the case out of reach of children and vulnerable individuals to prevent accidents.
- Follow all local regulations regarding the storage and transportation of tools.
- In case of any accidents or injuries, report them to the appropriate authorities.

Specific Safety Precautions for Use

- Always ensure that the case is securely closed when transporting tools to prevent accidental opening.
- Use caution when removing tools from the case to avoid injury from sharp edges or tools.
- Do not overload the drawers of the case. Follow the manufacturer's guidelines for maximum load capacity.
- When using the retractable handle, ensure that it is fully extended and locked in place before lifting.
- Avoid using the case in extreme temperatures or environments that may compromise its structural integrity.

Instructions for Installation and Usage

1. Unpacking the Product

- Carefully remove the GEN II Armorers Case from its packaging.
- Inspect the case and foam inserts for any damages that may have occurred during shipping.

2. Setting Up the Case

- Place the case on a flat, stable surface.
- Ensure that all drawers are fully closed before moving the case.

3. Storing Tools

- Organize your tools according to size and type for easy access.
- Place tools into the precut foam inserts, ensuring that they fit securely.

4. Transporting the Case

- Use the retractable handle to lift the case. Ensure that the case is not overloaded.
- When transporting over rough terrain, take extra care to maintain balance and avoid dropping the case.

5. Cleaning and Maintenance

- Clean the exterior of the case with a damp cloth and mild detergent.

- Avoid using harsh chemicals that may damage the polymer material.
- Regularly check the foam inserts for any signs of wear and replace them as necessary.

Disposal Instructions

- Dispose of the GEN II Armorers Case in accordance with local waste management regulations.
- If the case is no longer usable, consider recycling the polymer material where facilities exist.
- Do not dispose of the case in regular household waste if it is still in good condition; consider donating it.

Contact Information for Further Support

For any safety inquiries or additional support, please refer to the manufacturer's website or contact their customer service directly. Ensure you have the product details at hand for a more efficient response.

Thank you for your attention to these safety guidelines. Your safety is our priority, and we hope you enjoy using your GEN II Armorers Case with Foam Inserts.
