

# **BENCH REST® SEATER DIES - FORSTER PRODUCTS, INC. 6.8MM WESTERN BENCHREST SEATER DIE**

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Bench Rest Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Bench Rest Seater Dies were the first of their kind to utilize a close fitting chamber that holds the case, the bullet and the seating stem all in perfect alignment. This support system allows the reloader to produce exceptionally straight ammunition. Conventional seating dies with a fixed chamber and seating system may start your bullet into the case neck at an angle. They lack the support the Forster Bench Rest Seater provides.

## **Attributes**

- Name: [FORSTER PRODUCTS, INC. 6.8MM WESTERN BENCHREST SEATER DIE](#)

# BENCH REST® SEATER DIES SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the Forster Bench Rest® Seater Dies for your reloading needs. This guide provides important safety instructions and guidelines to ensure the safe and effective use of this product. Please read this manual thoroughly before use and keep it for future reference.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your reloading equipment.
- Always follow the manufacturer's instructions for use and maintenance.
- Keep the workspace clean and organized to avoid accidents.
- Wear appropriate safety gear, including protective eyewear and hearing protection.
- Store all reloading components, including dies, out of reach of children and pets.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

### • Hazard Identification:

- Improper use of reloading dies can lead to accidents or injuries.
- Ensure that the die is compatible with the cartridge you are using (6.8 mm Western).

### • Avoiding Hazards:

- Always doublecheck the die settings before beginning the reloading process.
- Use the die only for its intended purpose as specified in the product documentation.
- Avoid distractions while reloading, as focus is crucial for safety.
- Do not attempt to modify the die or use it in ways not recommended by the manufacturer.

### • Age Restrictions:

- This product is intended for use by individuals who are knowledgeable about reloading and are at least 18 years of age.

## Instructions for Installation and Usage

### • Installation:

1. Ensure that your reloading press is securely mounted and stable.
2. Carefully read the die instructions provided with your product.
3. Insert the Bench Rest Seater Die into the reloading press, following the manufacturer's guidelines.
4. Tighten the locking ring securely to prevent movement during operation.

### • Usage:

1. Prepare your cases and bullets according to standard reloading practices.
2. Adjust the seating depth according to your specifications using the die.
3. Place the case into the die, ensuring it is properly aligned.
4. Insert the bullet into the case mouth and operate the press to seat the bullet.
5. Inspect each round for proper seating and alignment before proceeding to the next.

## **Disposal Instructions**

- Dispose of any unused or damaged reloading components in accordance with local regulations.
- Do not throw away the dies or any metal components in regular trash.
- Contact your local waste management facility for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the Forster Bench Rest® Seater Dies, please refer to the manufacturer's website or customer service resources for assistance. It is important to have access to support for any safety inquiries or productrelated issues.

By following these guidelines, you can ensure a safe and effective reloading experience. Thank you for choosing Forster Products, Inc.
