

BRN-4 STRIPPED BARRELS CHROME LINED - BROWNELLS BRN-4 5.56X45 14.5" MEDIUM CHROME LINED BARREL PHOSPHATE

[Rifle Parts](#) > [Barrel Parts](#) > [Rifle Barrels](#)

Brownells BRN-4 HK® 416 compatible barrels, available in a variety of lengths and two contours. Historically extremely hard to procure, HK® 416 compatible barrels are now available as part of the BRN-4 lineup. These barrels machined by Faxon, fit early generations of HK® 416 upper receivers and components. They are the perfect fit with the BRN-4 bolt carrier group and gas block (search "BRN-4" for all parts). Available in common barrel lengths of 10.4, 14.5 and 16 inch, these barrels are suitable for any need. You can select the classic "heavy" profile, which is similar to the profile found on earlier HK® 416 models, ensuring barrel rigidity with minimal flex, or you can pick the new "medium" profile, which saves weight and makes the rifle quite handy. Barrels are button rifled with a 1-7 twist and have commonly used 1/2-28 muzzle threads for the attachment of the muzzle device of your choice. A deep black nitride finish provides an extremely hard exterior and interior, that is easy to clean. The longer barrel extension of the BRN-4 allows for a robust matchup to the upper receiver, and a simple install with the BRN-4 barrel nut (430-100-141). 5.56x45mm NATO chamberings allow for a wide variety of commercially found ammunition to function, as well as 223 Remington cartridges. No need to worry about picking the right gas system length, as all of these barrels have the same piston rod assembly (078-000-644), just be sure to pick the correct BRN-4 gas block to match your overall barrel length, (078-000-708 & 078-000-709). Be sure to pick up the gas block coil pins for final assembly as well (430-103-127). Recommended Barrel Nut Torque: 50-80 ft/lbs

Attributes

- Name: [BROWNELLS BRN-4 5.56X45 14.5" MEDIUM CHROME LINED BARREL PHOSPHATE](#)
- Manufacturer: [BROWNELLS](#)

Safety Instruction Guide for BRN4 Stripped Barrels Chrome Lined

Introduction

Thank you for choosing the Brownells BRN4 Stripped Barrels Chrome Lined. This guide provides essential safety instructions to ensure the safe use, installation, and disposal of the product. Please read this guide carefully before use to prevent any accidents or injuries.

General Safety Guidelines

- Always follow local laws and regulations regarding firearm components and usage.
- Ensure proper training and knowledge of firearms before using this product.
- Inspect the product for any damage or defects before installation and use.
- Store the product in a secure location, away from children and unauthorized users.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves during installation and handling.
- Be aware of your surroundings when using firearms equipped with this barrel.

Specific Safety Precautions for Use

- **Potential Hazards:**

- Improper installation may lead to malfunctions or accidents.
- Using incompatible ammunition can cause damage to the firearm or injury to the user.

- **Avoiding Hazards:**

- Ensure that the barrel is compatible with your firearm model.
- Always verify that the ammunition used is suitable for the 5.56x45mm NATO chambering.
- Follow the manufacturer's torque specifications for the barrel nut installation (5080 ft/lbs).
- Regularly inspect the barrel for signs of wear or damage.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction before beginning installation.
- Remove the existing barrel from the upper receiver according to the manufacturer's instructions.
- Align the BRN4 barrel with the upper receiver, ensuring the barrel extension fits securely.
- Install the BRN4 barrel nut and tighten to the recommended torque specifications (5080 ft/lbs).
- Attach the appropriate gas block (ensure compatibility) and secure it with the correct pins.
- Doublecheck all connections and fittings before proceeding to use the firearm.

2. Usage:

- Load the firearm with compatible ammunition only (5.56x45mm NATO or .223 Remington).
- Always adhere to safe handling practices when operating the firearm.
- Regularly clean and maintain the barrel to ensure optimal performance and longevity.
- If any malfunctions occur during use, cease operation immediately and inspect the firearm.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding firearm components.
- Do not dispose of the barrel in regular household waste.
- Contact local authorities or waste management services for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the BRN4 Stripped Barrels Chrome Lined, please refer to the manufacturer's website or contact their customer support for assistance. Always ensure that you have the latest information regarding safety recalls and product updates.

By following these safety instructions, you can help ensure a safe and enjoyable experience with your BRN4 Stripped Barrels Chrome Lined. Thank you for your attention to these important guidelines.
