

PMAG® AR/M4 GEN M3"! 5.56X45 NATO RIFLE MAGAZINE FOR AR-15 - MAGPUL PMAG GEN M3 5.56/.223 30RD FOR AR15 COYOT 100/PACK

[Magazines](#) > [Rifle Magazines](#) > [Magazines](#)

Super-Durable & Ultra-Dependable PMAG Refined & Battle-Hardened By Combat Experience

The next-generation PMAG AR/M4 GEN M3 is a 30-round polymer magazine for AR15/M4 compatible weapons chambered in 5.56x45 NATO / .223 Remington. Along with expanded feature set and compatibility, the GEN M3 incorporates new material technology and manufacturing processes for enhanced strength, durability, and reliability that exceed rigorous military performance specifications. While the GEN M3 is optimized for Colt-spec AR15/M4 platforms, modified internal and external geometry also permits operation with a range of additional weapons, such as the HK® 416/MR556A1/M27 IAR, British SA-80, FN® SCAR™ MK 16/16S, and others. Similar to the MOE® PMAG, the GEN M3 features a long-life USGI-spec stainless steel spring for commonality, a four-way anti-tilt follower, constant-curve internal geometry for reliable feeding, and simple tool-less disassembly for easy cleaning. The PMAG GEN M3 also includes a redesigned bolt catch notch in the rear of the magazine that provides increased bolt catch clearance, while an over-travel stop on the spine helps ensure the magazine will not over-insert on compatible weapons. Low profile ribs and new, aggressive front and rear texture give positive control of the GEN M3 in all environments, and a paint pen dot matrix has been added to the bottom panel of the body to allow easy marking for identification. The new, easy to disassemble flared floorplate aids extraction and handling of the magazine while providing improved drop protection, but is slightly slimmer than before for better compatibility with tight double and triple magazine pouches. FEATURES 30 or 40-round reliability with no stoppages Easy Identification - Use the paint pen dot matrix to easily identify your different loads when it's crunch time Advanced follower- The anti-tilt, self-lubricating follower ensures a smooth feed and magazine reliability Slimline floorplate - Improved flared floorplate aids magazine handling and disassembly and is slim enough for use with many double and triple pouches Next-generation impact and crush-resistant polymer construction that includes constant-curve internal geometry for smooth feeding Modified dimensions allow for wider compatibility with non Colt-spec 'STANAG 4179' platforms Constant-curve internal geometry, over-travel insertion stop on the spine, and a long-life stainless steel spring ensure smooth feeding Made in the USA. SPECS Caliber: 5.56x45mm / .223 Remington Platform: AR15, M4, M16, SA-80 Capacity: 30 or 40 Rounds depending on magazine Weight: 5 oz. Length, max: 7.5 in. Compatibility: Wide compatibility with most 'STANAG 4179' platforms such as the AR15, M4, M16, SCAR MK16/16S, HK416, MR556, M27 IAR, IWI Tavor, and others

PMAG® AR/M4 GEN M3 5.56X45 NATO RIFLE MAGAZINE SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the PMAG® AR/M4 GEN M3 5.56X45 NATO Rifle Magazine. This document provides important safety guidelines and instructions to ensure the safe and effective use of your magazine. Please read this guide carefully before using the product.

General Safety Guidelines

- Always handle firearms and ammunition with care.
- Ensure that the magazine is compatible with your firearm before use.
- Store the magazine in a cool, dry place away from direct sunlight.
- Keep the magazine out of reach of children and unauthorized users.
- Regularly inspect the magazine for any signs of wear or damage before use.
- Follow all local laws and regulations regarding the use of firearms and magazines.

Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before inserting or removing the magazine.
- Do not attempt to modify the magazine in any way, as this may compromise its safety and performance.
- Avoid using damaged or defective magazines; replace them immediately.
- When loading the magazine, do so in a safe environment, away from others.
- Do not exceed the magazine's specified capacity (30 or 40 rounds).
- Use only 5.56mm/.223 Remington ammunition in this magazine.
- Be aware of your surroundings and ensure a clear line of sight when using the magazine with a firearm.

Instructions for Installation and Usage

1. Loading the Magazine:

- Ensure the magazine is clean and free from debris.
- Hold the magazine with the feed lips facing up.
- Insert the cartridges nosefirst into the magazine, ensuring they are aligned properly.
- Fill the magazine to the desired capacity, ensuring not to exceed 30 or 40 rounds.

2. Inserting the Magazine into the Firearm:

- Ensure the firearm is pointed in a safe direction and is unloaded.
- Align the magazine with the magazine well of the firearm.
- Push the magazine firmly into the magazine well until it clicks into place.

3. Removing the Magazine:

- Ensure the firearm is pointed in a safe direction.
- Press the magazine release button on the firearm.
- Pull the magazine straight out of the magazine well.

4. Cleaning and Maintenance:

- Regularly clean the magazine using a soft cloth to remove dirt and debris.
- Inspect the magazine spring and follower for proper function.

- If necessary, disassemble the magazine for thorough cleaning. Follow the manufacturer's instructions for disassembly.

Disposal Instructions

- Dispose of the magazine in accordance with local regulations.
- If the magazine is damaged or no longer functional, do not attempt to repair it. Instead, follow appropriate disposal methods for hazardous materials if applicable.

Contact Information for Further Support

For any inquiries or safety concerns regarding the PMAG® AR/M4 GEN M3 5.56X45 NATO Rifle Magazine, please refer to the manufacturer's contact details provided with your product packaging or visit the official website.

By following these safety instructions, you can help ensure a safe and enjoyable experience with your PMAG® AR/M4 GEN M3 magazine. Always prioritize safety and responsible usage.
