

# **MATCH SERIES GUNNER 300 BLACKOUT PISTOL LENGTH RIFLE BARRELS - FAXON FIREARMS MATCH 300BLK 9" 1-8 TWIST GUNNER CONTOUR SS BBL NITRIDE**

[Rifle Parts](#) > [Barrel Parts](#) > [Rifle Barrels](#)

A faster 1:5 Twist Rate combined with the Lightweight Faxon Gunner Profile. The 300 Blackout cartridge yields increased performance in shorter barrels and effective subsonic performance. By speeding up the twist rate to 1:5 from common 300 BLK rates of 1:7 and 1:8, these Faxon Match Series Gunner Barrels increase projectile stabilization and energy on target. The Gunner profile is a blend of two of the best performing profiles of all time, GOVT/SOCOM and Pencil. Faxon's Gunner profile combines the durability of the GOVT/SOCOM profile with the weight savings and maneuverability of the Pencil profile. The Gunner profile brings the balance of the rifle back towards the shooter's body, limiting fatigue, and allowing for shooting, training, or hunting all day long. Faxon Firearms barrels are the pinnacle of value. Manufactured in-house in Greater Cincinnati, Ohio, Faxon barrels are fully stress relieved, air-gauge tested, and 11-degree target crowned to ensure superior accuracy. Quality is imbued into Faxon Firearms barrels from the beginning of the manufacturing process. Faxon Match Series Barrels are made of 416-R Stainless Steel, given 5R rifling, and a NP3 (Nickel Teflon) barrel extension. Faxon barrels are Magnetic Particle Inspected (MPI) in-house to assure the greatest quality for a lifetime of service. Each barrel goes through a battery of tests at each operation until finished in Nitride and final inspected. All barrels are individually checked for headspace with precision, custom-hardened PTG gauges.

# **Safety Instruction Guide for MATCH SERIES GUNNER 300 BLACKOUT PISTOL LENGTH RIFLE BARRELS**

## **Introduction**

Thank you for choosing the MATCH SERIES GUNNER 300 BLACKOUT PISTOL LENGTH RIFLE BARRELS by Faxon Firearms. This guide provides essential safety instructions and guidelines to ensure the safe use of your rifle barrels. Please read this document thoroughly before use to understand the safety precautions and proper handling procedures.

## **General Safety Guidelines**

- Always treat every firearm as if it is loaded.
- Keep firearms pointed in a safe direction at all times.
- Store firearms and ammunition separately and securely.
- Ensure that you are using the correct ammunition for your firearm.
- Regularly inspect your firearm and its components for wear and damage.
- Follow all local laws and regulations regarding firearm ownership and use.
- Be aware of your surroundings and ensure a safe shooting environment.
- Never use a firearm under the influence of drugs or alcohol.
- Ensure that all users of the firearm are trained and knowledgeable about its operation and safety.

## **Specific Safety Precautions for Use**

### **• Hazard Identification**

- Risk of accidental discharge if safety rules are not followed.
- Potential for injury if the firearm is not properly maintained.
- Risk of damage to the firearm if incorrect ammunition is used.

### **• Instructions for Avoiding Hazards**

- Always keep your finger off the trigger until ready to shoot.
- Confirm the barrel is clear of obstructions before use.
- Ensure that all components are properly installed and secured before firing.
- Use only ammunition that is specified for the 300 AAC Blackout cartridge.
- If you experience a misfire, wait at least 30 seconds before attempting to clear the firearm.

### **• Audience Specific Warnings**

- This product is not intended for use by individuals under the age of 18.
- Ensure that minors are supervised by a responsible adult when handling firearms.

## **Instructions for Installation and Usage**

### **• Installation Instructions**

- Ensure the firearm is unloaded before installation.
- Follow the manufacturer's guidelines for removing the existing barrel.
- Carefully install the MATCH SERIES GUNNER barrel by aligning it with the receiver.

- Secure the barrel using the appropriate tools and torque specifications as indicated in the manufacturer's manual.

- **Usage Instructions**

- Before shooting, inspect the barrel for any signs of damage or wear.
- Ensure that the gas system length is compatible with your firearm setup.
- Use the recommended muzzle threads (5/8x24) for attaching muzzle devices.
- Maintain proper shooting posture to enhance stability and accuracy.
- Clean the barrel regularly to maintain optimal performance and accuracy.

## Disposal Instructions

- Dispose of any damaged or wornout barrels in accordance with local regulations.
- Do not dispose of barrels in regular household waste.
- Contact local authorities or licensed disposal facilities for proper disposal methods.

## Contact Information for Further Support

For any inquiries regarding safety, installation, or usage of the MATCH SERIES GUNNER 300 BLACKOUT PISTOL LENGTH RIFLE BARRELS, please refer to the manufacturer's website or contact their customer support for assistance.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your MATCH SERIES GUNNER barrels. Always prioritize safety and responsibility when handling firearms.
